

BC SCHOOL FRUIT AND VEGETABLE PROGRAM

This school year, Henry Bose will participate in the BC School Fruit and Vegetable Nutritional Program sponsored by BC Agriculture in the Classroom Foundation. This is a collaborative program supported by the Province of British Columbia and the Provincial Health Services Authority.

One of the goals is to increase students' acceptance of, exposure to, and willingness to try BC-grown fruits and vegetables. The students will receive picked, washed and ready to enjoy produce eleven (11) times this school year at **no charge!**

To ensure every student's health and safety during this program, please return this consent form to indicate whether or not you wish your child to participate in the program and if you need to alert us to certain food allergies.

Yes, I wish my child to participate in the BC School Fruit and Vegetable Program.

No, I do not wish my child to participate in the BC School Fruit and Vegetable Program.

MEDICAL ALERT
