

Blended Learning Option for Grade 8 and 9

What is Blended Learning?

A learning environment that integrates online and face to face learning.

Who would benefit?

- Students that would thrive in a self-paced environment
- Students that can succeed independently through virtual support
- Students that enjoy flexibility in their learning
- Students that enjoy integrating technology to support their learning

Sullivan Heights Galaxy Program Blended Learning for Grade 8 and 9

Reach for the Stars

Grade 8 Program

Students will complete the following courses in the program:

- Math 8
- Science 8
- PHE 8
- Careers 8
- English 8
- French 8
- Socials 8
- ADST 8

Grade 9 Program

Student will complete the following courses in the Program

Program Structure and Commitment

Please note that students entering the program will be vetted by Administration to ensure it is an appropriate placement. The program is a year-long commitment and **re-entry into the school's regular program may not be possible.**

The program will be structured so students will complete one or two courses in a designated period of time by the school.

** Students may have the option to complete a Fine Arts elective face to face**
