

George Greenaway Parent Advisory Council

George Greenaway PAC E-News

Good afternoon parents,

Just to clarify, the last email that went out regarding balance owing was a mass email to all parents, this does not mean you have a balance owing. It was just a reminder to the parents that know they still owe money and will have to have it cleared up tomorrow. If you are ever in doubt on whether you paid, you can always log onto your account and see if you have a balance owing. All balances, except for what was handed into this morning, have been updated. Tonight all payments received today at the office will be entered and showing a zero balance.

In the future if you have any questions regarding anything to do with PAC please email the PAC email address and NOT call the school office. The school is not involved in the day to day with PAC account and activities so they will not be able to answer your questions. Also please know that the PAC executives do this as a volunteering role and we do have full time jobs that need our attention. Emails will be answered but at times it may take a few hours. Don't panic, it will be answered, just not right away.

Sory again for the confusion this morning.
