

GRANDVIEW HEIGHTS SECONDARY

HOME OF THE GRIZZLIES • "WHERE EVERYONE IS SOMEONE"

November 2021 Newsletter

Dear Parents and Students,

I cannot believe it has been almost two and a half months into our new school year. September and October have been especially busy as we welcomed all of our new students and helped them get settled into classes. Our school community is off to a strong start, we are finding our identity, creating our vision, and developing new norms as Grizzlies. Thank you to our amazing staff for the hours of work and preparation to ensure our school start-up was so smooth.

While we have seen a return to normal in many school aspects, Health protocols remain. As always, the health and safety of all of our students, staff and community members remains a priority. A reminder that students should be monitoring their health and staying home if not feeling well. Please be sure to let the office know when there are absences. All visitors to the school must also sign in and complete a health check.

In terms of keeping the health and safety of everyone a priority, we will not be holding in-person parent/teacher conferences in semester #1 – we will be moving to a virtual conference November 23, please see more information in this newsletter. We will re-evaluate our parent teacher interview process for second semester. A reminder that Midterm marks will be available in MyEdBC November 18th by 5pm.

Relating to student learning reporting the Ministry of Education is in the process of redesigning assessment in grades K-12. Please visit the following link for more information <https://engage.gov.bc.ca/govtogetherbc/consultation/studentreporting/>

Our Assessment Vision at Grandview Heights is that we provide a positive learning environment for our students where they can flourish and excel in their learning. We are focusing on the curricular competencies and skills that students need to be successful. We gather evidence of student learning, often communicating this using Proficiency Scales, so that students know where they are at in their learning journey and know where they need to go to improve. Based on our assessment vision, and the recent Ministry's redesign we will not be creating student honour rolls at Grandview. Student learning will be celebrated in a way that is authentic to how we assess each student's learning journey as a school.

I am so proud of our students and staff and what they have accomplished in two and a half short months. We have over 21 school clubs sponsored by teachers and a full fall sports roster from junior- senior girls and boys volley ball, our aquatics teams and cross-country team. I have had the opportunity to see some amazing volleyball matches. I am very proud of our student athletes and the work that they are doing in representing Grandview Heights. A big thank you to all of our teacher and parent community coaches in supporting our athletics program. Please visit our school website for the most up-to-date information about school clubs and athletics, as well as other important information.

As we take time November 11th to reflect and honour those who have served our country, I would like to thank our students and Remembrance Day Committee for their hard work in putting together our very first Remembrance Day tribute.

Please click here to watch Grandview's collaborative Remembrance video:

https://youtu.be/q5Kx3_CO_9o

We hope next year to have this ceremony live in our large gym.

On behalf of all the staff at Grandview Heights, we are looking forward to another exciting year filled with much opportunity and success for our students.

Darren Bedard

Principal, Grandview Heights Secondary

NOVEMBER 2021

- 11 Remembrance Day
- School Closed
- 12 Non-Instructional Day

PARENT TEACHER CONFERENCES - NOVEMBER 23, 2021

Parent Teacher Conferences will be held virtually on November 23rd from 2:15 – 5:15 pm, through Microsoft TEAMS with Grandview Heights teachers.

The parent teacher conferences will be split into two sessions:

The first session will run from 2:15 – 4:15 pm. The conferences in this session will be made available to parents to register for an interview using the School Appointments On-Line System. Please see below for further instructions.

The second session will run from 4:15 – 5:15 pm. The conferences in this session will be directed by teachers who will be contacting the parents of students they feel they need to communicate with.

Teachers will be sending out interview invitations by email to all parents for each session. Please look out for these invitations by November 19th. Parents will need to have Microsoft TEAMS downloaded on their home computers or cell phones in order to be available for calls via TEAMS.

Instructions for online parent teacher registrations using schoolappointments.com will be sent to all parents on Friday, November 12th, via an email. Registration for Parent Teacher Conferences will open at 5:00 pm, on November 15th, and close at 5:00 pm, on November 17th.

COUNSELLING NEWS

This month the Counsellors and Administration had assemblies for the grade 8's to introduce them to the Counselling team and discuss what being a Grandview Grizzly means. We shared where supports are available for students to help them with challenges that they may be facing or may face in the future. Furthermore, students learned how to become a successful Grizzly and were given lots of ideas of how to get involved in the school so that students make the most out of their time at Grandview Heights. With so many clubs, groups and sports teams up and running, there really is something for every student. This is a wonderful way for students to get to know new students while doing something fun. We encourage grade 8 parents to ask their son/daughter about the assembly that they participated in.

The Counselling team is now available for appointments which can be made on our Grandview Heights Secondary Online Appointment Scheduler. Use this link <https://grandview.counsellorappointments.com/> to set up an account. We look forward to our work together in supporting your student at Grandview Heights.

As we quickly move into the holiday season, if any of our Grandview families are experiencing financial hardship, we would like to support. Confidentiality will be preserved at all times. Please contact your counsellor at Grandview if you need some support.

ATHLETICS

VOLLEYBALL

"It's been a hard-fought and successful season thus far for the grade 8 boys' volleyball team. Tier 1 has proven to be a challenge, but the boys earned a tie for 2nd place in our division. They then went on to secure a spot into the South Fraser championships. Beating out Semiahmoo and Elgin team white.

South Fraser Championships take place November 8th to 10th, with finals being held on our home turf. Making it to the big game will be a challenge, but our boys are up for it.

Congrats go out to the grade 8 boys on stepping up in tier 1 for first ever season at Grandview, and representing the Grizzlies with pride!!"

The grade 8 girls volleyball team has been competing in the Tier 1 league where we have been seeing some amazing athletes and tough competition. The players have been keeping the games close and improving their skills through training and persistence. The team has also competed in a fun costume tournament over the Halloween weekend, and we are now qualified for the South Fraser Volleyball Draw.

JR. Boys - The Boy's JV Volleyball team played exceptionally well in their inaugural season, with several very exciting games. They have finished their regular season placing second in their region. They are entering into the playoffs this week as they play in the city championships.

The Junior Girls' Volleyball team started the season hosting Grandview Height's very first tournament - the Grizzly Growl, with 12 teams from across the Lower Mainland gracing our magnificent facility. The girls played well, reaching the Quarter Finals, only to be beaten by Seaquam, the eventual champions.

The team carried their form forward into league play, finishing 3rd in their division and eventually qualified for Surrey Championships and the South Fraser Valley Championship being hosted in Richmond next week.

The senior girls' volleyball team had the unique opportunity to be the first ever Grandview team to represent their school and have had a phenomenal season! The Grizzlies finished the top of their division with a perfect 9-0 record. Overall, the girls have had 3 top 3 finishes at tournaments and have a season record of 27-5. The girls are now getting ready for playoffs where they hope to qualify for provincial championships. Excellent job Grizzlies.

Senior Boys finished first in their league with a win over Regent Christian in our own gymnasium. Lights, smoke machine, a painted banner, announcer, and loud music filled the Grizzly Den previewing what was to be an exciting evening of volleyball stretching to 5 sets.

The boys have had an amazing run and now look toward the South Fraser Valley playoffs. An excellent job done by the coaches and the players to pull together such a successful season with a roster comprised of grade 10 and 11 boys – playing in a senior division in such a short period of time.

X-COUNTRY

Congratulations to all the Grizzly Cross-Country runners who competed in the South Fraser Valley Championships last week. Everyone had fantastic races. Natalie Selvage placed 23rd and narrowly missed qualifying for Provincials. Dennon J. placed an impressive 18th and was the only Grizzly athlete competing the provincial championships this past Saturday down at Jericho Park in Point Grey.

X-Country has done a wonderful job under the guidance of Coach Bassett and Coach Moon – we are looking for anyone in the school who is interested in doing distance running throughout the rest of the year as we head toward track and field season to connect with Coach Moon who is interested in continuing distance training.

Left: Dennon J. at the Provincials – Saturday Nov. 6th - 2021

AQUATICS

Grandview Heights Secondary has a swim team! Our Aquatics Team is made up of students of all experience levels. In October, we competed in the South Fraser Regional Swim Meet. Our entire team swam hard with many swimmers winning their heats. Our Jr. Boys team has even brought back to Grandview our very first Fraser Valley banner! Congratulations to the entire team!

Because many pools in Surrey are currently closed or limited, Grandview Heights Aquatic Centre has reached its maximum capacity. As such, our swim club will not have access to practices until the end of November. However, we wanted to provide as much opportunity to our students as possible, so we opened our first swim meet up to experienced and willing swimmers. Students who are not experienced with competitive swim club are welcome to join us once we are able to schedule practices at Grandview Aquatic Centre. Students will be able to sign up a week ahead for practice time.

BASKETBALL

The Grandview Boys Basketball Program is proud to announce that we will run four teams comprising of fifty-one student athletes. Coaches are excited to work with players that possess strong character and work ethic. We kick off the season in the Grizzly Den vs Southridge on November 29th. Games times are: Sr's @ 1:30, Grades 8's @ 3:00 and our Jr's @ 4:30... Go Grizz!

Tryouts for Grandview Heights' Grade 8 Girls Basketball team are currently underway. There has been tremendous interest in the girls' program with over 30 grade 8s attending the first tryout session. We are excited to start the season and look forward to developing the future of the girls' basketball program! JV girls' basketball is up and running – currently there are 29 girls trying out for the gr. 9 & 10 team. If there is anyone interested there may be a possibility of running a grade 9 team as we certainly have the numbers to support two teams at this level.

The Senior Girls basketball team is well on its way! The team has discussed their goals and vision for their inaugural season with Coach Rai and Kvam. The Senior Girls will begin their league games at the end of November and have entered the Tamanawis Wildcats Tournament for December 8-10. We will remember the 4 G's this season; Grizzly Girls Going for Gold!

RUGBY

Boys and Girls rugby is coming! Meetings and some training will occur over the winter months – official seasons start in Springtime. Mr. Wardle, Ms. Mendes, Mr. Bloomfield, and Ms. Dunning are working together to get our girls and boys sides up and running. The Grandview Grizzly Community is excited to see our program grow and become a force in Surrey.

ICE HOCKEY

Grandview Heights Grizzlies Ice Hockey Team

The Grandview Heights Ice Hockey season kicks off on November 17th at 3:15pm as we face off against Sullivan Heights Secondary at Newton Arena. In our inaugural ice hockey season, Grandview Heights has qualified to play in the top division with local rivals Earl Marriott and Elgin Park, perennial powerhouse Lord Tweedsmuir and the competitive Sullivan Heights squad. Coaches, Mr. Shiels and Ms. Rai, are excited to bring this talented group of Grade 10 and 11 hockey players together to represent our school and compete for the Surrey Championship (Zwick Cup) in March.

Here is your 2021/2022
Grandview Heights Ice Hockey Team:

<i>DEVON A.</i>	<i>NYA B.</i>	<i>MARCUS B.</i>
<i>JOSSELYN D.</i>	<i>CASH D.</i>	<i>DYLAN G.</i>
<i>LOGAN J.</i>	<i>BEN K.</i>	<i>COLT M.</i>
<i>JACKSON N.</i>	<i>KAI R.</i>	<i>PARKER R.</i>
<i>BAJ S.</i>	<i>JANIK S.</i>	<i>COLT S.</i>
<i>TATE S.</i>	<i>JAXON T.</i>	<i>TRISTEN T.</i>
<i>MICHAEL W.</i>		<i>MAX W.</i>

TRACK & FIELD

We are in the planning stages for our Track & Field team. If there is interest in help coach within this program – please contact Mr. Masi at masi_g@surreyschools.ca we would be happy to discuss the possibilities!

We are aiming to provide a full program with sprinting, middle and long distance running, throwing events, and jumping events. We believe that anyone can be involved in the Track Field program and the time commitment to get our athletes prepared for the Surrey Track and Field Meet held in May will be manageable for athletes who are in other sports. We also believe that that we have the potential to put together a provincial powerhouse in Track and Field.

GOLF & BADMINTON

These sports are all on tap for Spring sports season – keep your ears open as we move toward the Spring Sport Season.

TABLE TENNIS

The Table Tennis Club is up and running. We practice on Mondays and Thursdays from 3:00 - 4:00pm just outside the weight room. We will be accepting new players until November 29th. Interested athletes should see Mrs. Lindstrom in Room 209 or show up to a training session.

CAREER CENTRE NEWS

SURREY SCHOOL DISTRICT PROGRAMS

These programs are excellent opportunities for students to get a head start in their formal trades training. Seats are limited and students must undergo a successful application and interview process to secure a seat. Students usually complete graduation requirements (Grade 11 Math, Socials, English and Science and English 12) at their home school. District programs are in partnership with post-secondary institutions such as Kwantlen Polytechnic University (KPU), British Columbia Institute of Technology (BCIT) or Vancouver Community College (VCC). It is expected that students will graduate at their regular scheduled time and would receive both high school and post-secondary credits while completing a District Program. The tuition is paid for by the Surrey School District—***this could mean a cost savings of thousands of dollars!!*** (Students are responsible for purchasing books, steel toed boots, tool, any required post-secondary registration and fees).

YOUTH WRK STUDENTS

Students may be eligible for Youth WRK courses while they are already working in a trade. These are courses where students receive credit for hours worked on-the-job after school, during summers or on weekends. For every 120 hours of paid work a student performs in a trade area the student can receive one four-credit elective course. They can earn up to a maximum of 4 courses (480 hours), which may enable them to graduate a semester early if desired. If students complete all 480 hours, continue working in their trade area and meet outlined criteria, they may be **eligible for a \$1,000 scholarship** after graduation!

The most common student jobs include:

- ▷ **Cooking at a restaurant (like Moxie's; White Spot; The Keg; Hotels)**
- ▷ **Virtually all construction and automotive jobs**

View the attached list of District Partnership Programs available (Trades & Non-Trades)

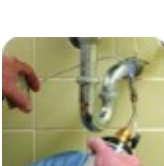

FREQUENTLY ASKED QUESTIONS

- ***Will any of these programs delay my graduation?***
 - Careful course planning with your counselor and Career Advisor will ensure that you graduate with your peers or earlier
- ***Am I able to participate in all of the grad events?***
 - **YES!** Your facilitator maintains contact with you and your parent/guardian through site visits, emails regarding upcoming graduation events (group picture, commencement preparation, dinner/dance ticket sales, etc.)
 - Students also need to check their school website regularly for current information.
- ***How can I get more information?***
 - Go to your school's Career Centre any time – Applications and Interviews take place in April 2022.

Check out the website www.surreyschools.ca -> Educational Programs -> Trades/Career Courses

TRADES – DISTRICT PARTNERSHIP PROGRAMS

	Program	Trade / Certification	Where	Program Length	Minimum Requirements
	Automotive Services Technician	Automotive Service Technician	Lord Tweedsmuir Sec. 4 weeks at Kwantlen Polytechnic University (Cloverdale Campus)	(21 weeks) Starts second semester. Includes an industry work practicum	Grade 11 completion

Visit the Career Centre and pick up a brochure if you are considering applying to any of these programs for the 2022-2023 school year.

(Application process begins January 2022)

SCIENCE 11 CO-OP

THE BENEFITS OF CO-OP!

Science Co-op is designed to allow students the opportunity to complete requirements for graduation, as well as gain valuable work experiences in a field of their choice. The Science Co-op will consist of Chemistry 11, Environmental Science 11, Life Science 11, two Work Experience Placements (WEX 12A and WEX 12B), and Career Life Connections which is a ministry required course for graduation. Not only will students enjoy exciting lab work and hands-on training, they will participate in field trips. In addition, students will be encouraged to explore leadership opportunities, get involved in specialty District initiatives, and participate as team players in outdoor adventure pursuits.

- provides opportunity for career exploration & learn about Labour Market trends
- develop job readiness skills such as resume writing, cover letters, and work safety
- earn academic credits towards graduation
- receive on the job training
- show valuable experience on your resume
- gain connections in the work force which may prove invaluable upon graduation
- expand skills studied at school
- help identify your capabilities and interests
- increase self-confidence and self-reliance
- develop successful work attitudes
- become aware of responsibilities of employment
- will complete the Ministry requirement for Career Life Connections

24 Credits Earned

CAREERS 8/9

CAREERS 8

Most grade 8 students have completed their first Careers assignment, SMART goal setting, in their Humanities class. If not or you were absent, this needs to be done as soon as possible. Send Mrs. L. Johnson a chat on TEAMS OR visit the Career Centre in room 123 if you have any questions.

CAREERS 9

Thanks to all of you that participated in Take Our Kids To Work Day
Grandview Heights Stats were **fantastic!**

Total # of gr. 9 students registered at Grandview: 317

Total # of gr. 9 students that participated in TOKTW day: 279

Total # of gr. 9 students that stayed at school to work on an alternative TOKTW assignment: 38

88% of out students participated in TOKTW!!!

If you have not turned in your TOKTW assignment, this must be turned in ASAP to the Career Centre in room 123. This assignment goes towards your Careers 9 mark on your final report card!

LEARNING COMMONS

The GHS Learning Commons is such a special place that in the beginning of the year a rainbow appeared on the wall on a sunny September afternoon. We started the year off with a bang and hosted the Student Vote and had every student participating in the Federal Election. Thanks to Mr. Ewacha and Ms. Bifulchi for organizing this event.

This unique Learning Commons is well used by students and staff for learning. Many classes use this flexible and inviting space for individual study and group project work. After school, we have hosted music students collaborating together and several clubs.

At the beginning of November, we had a visit from the whole staff of the architecture firm that designed the building. Stay tuned in the future for news about our Makerspace in the Learning Commons.

We are open before class, at lunch and after school and have been impressed by the avid readers in the building and our students are loving the shiny, new collection.

The Learning Commons is a favorite place for many students to eat lunch. Students kindly clean off tables and keep the space clean.

This is one of the changing views I have from my Teacher Librarian office. It is my honour to work with such a dedicated and creative staff and administration and to serve such a kind student population and community. Thanks to all of our volunteers who help keep the Learning Commons running!

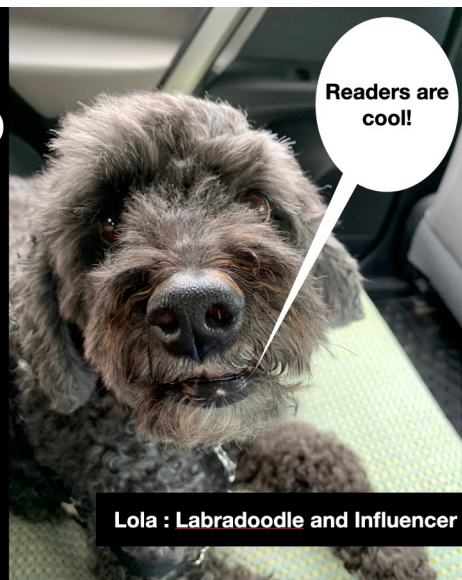

Thanks, Lisa Domeier de Suarez
Teacher Librarian

GH Book Club

We have our meeting this Wednesday November 10th after school in the Learning Commons to talk about our first book *Scythe*. We will share snacks, discuss the book and decide on our novel to read for our December meeting. We look forward to an exciting year of reading! Come and talk to us if you want to participate in the club.

Ms. Brett
Ms. Domeier de Suarez
GH Book Club Sponsors

Lola : Labradoodle and Influencer

GRANDVIEW HEIGHTS CLUBS

CLUB NAME	MEETING LOCATION	MEETING DAYS	MEETING TIMES	PURPOSE & DESCRIPTION OF CLUB (Written by club founders)	INITIATIVES & OPERATION OF CLUB

MODEL UN

Grandview Heights' Model UN Club has been meeting Tuesdays' afterschool for the past month in rooms 318 and 304. In Model UN, students research and represent the viewpoints of a chosen nation and act on their behalf to find solutions to some of the world's greatest challenges. Currently, MUN is modelling the World Health Organisation (WHO) and making fantastic progress learning about the overuse of antibiotics in the food industry. Already, students have demonstrated a remarkable improvement in debate and diplomacy skills and have quickly grasped the format of debate to Model UN. If you are interested in Model UN, please see Mr. Ewacha (room 304) or Mrs. Bassett (room 318/PE) for more information!
