Principal’s Message

It is hard to believe we have already been in school for a whole month. The students have been very busy learning new skills, applying new ideas, making new friends, creating works of art, being scientists and nature walk explorers!!! The list goes on and on. Although it has been a crazy year so far, we still have much to be thankful for. I am thankful for this amazing group of educators and for the community who supports them. Thank you for all you do for us here at Goldstone. Have a restful, healthy, joyous Thanksgiving.

Warmly,

Mrs. Grills
Principal

Friendly Reminder

Parents please remember that the school is CLOSED to outside visitors. Please call from outside of the school and we will be happy to help.

Please refrain from coming into the building unless you have a confirmed appointment with IST or the Principal.

Health Checks

Thank you for continuing to do the Daily Health Checks and keeping your child home when they are ill.

It is important for all of us to continue to follow the protocols and keep our school community safe and healthy.

Dress for the Weather!

Now that the fall weather is here and the rainy season has begun, please be sure to dress your child appropriately. Unless the weather is exceptionally stormy, the children go outside for fresh air and exercise at recess and lunch. If your child is too ill to go outside, they are too ill to be at school. Please send your child in a weather proof jacket-not just a hoodie-, hat, gloves and boots so that they can play in comfort.

Emergency Drills

We have gone through two of our safety drills, fire and hold and secure. October 15 we will be participating in the province-wide earthquake drill.

It is important to note that in the event of a disaster, we will release students only to those persons indicated as emergency contacts. Please make sure those are kept up to date. Verification forms were sent home and need to be sent back ASAP with correct emergency contacts and email addresses.

We will practice these drills throughout the school year.

A good source of information for being prepared can be found at:
