LEAP is a Grade 9 interdisciplinary program. The cohort includes: Science 9, Physical & Health Education 9, Social Studies 9, and English Language Arts 9. The goal of the program is to learn Big Ideas and develop Core Competencies through a holistic, hands-on approach, with a strong focus of Indigenous perspectives and building a sense of community. The program will include themed units related to storytelling and communication to investigating major social, economic and political events of the 20th century. Along with exploring career opportunities and employability skills, this exciting program may include field trips such as snowshoeing, canoeing, hiking, visiting museums and volunteering in the community.
