

## École Salish Secondary Schedule: Graduation Numeracy Assessment

For all **grade 11 students who are currently registered (Semester 1)** in a grade 11 math course, please see the following schedule:

**8:30 am January 23<sup>rd</sup>:** Workplace Math 11 (Assad): Be in the main level **Green Pod by 8:00am**. You may bring a calculator and pen/pencil- see guidelines below.

**8:30 am January 24<sup>th</sup>:** Foundations of Math 11(Jeong): Be in the main level **Green Pod by 8:00am**. You may bring a calculator and pen/pencil- see guidelines below.

**12:30 pm January 24<sup>th</sup>:** Pre-Calculus 11 (Joyce & Jeong): Be in the main level **Green Pod by 12:00pm**. You may bring a calculator and pen/pencil- see guidelines below.

### Important Information

- The Graduation Numeracy Assessment (GNA) is a graduation requirement for all students. It consists of 24 multiple-choice questions and two response-type questions.
- Results will be reported using a proficiency scale rather than an actual letter grade. Students can re-take the GNA to improve their proficiency. Their best level achieved will be counted as their final result.
- For more information and to review practice materials:  
<https://curriculum.gov.bc.ca/assessment/numeracy-assessment>
- Students have up to **three hours to complete**- most will be done in 2 hours or less.

#### Calculator Policy:

Calculators must be hand-held devices designed primarily for mathematical computations including addition, subtraction, multiplication and division; operations with exponents square and cube roots. (Graphing calculators are allowed.)

**Devices such as smartphones, tablets, laptops and other electronics with cameras, storage, and Wi-Fi capabilities are not permitted. *Calculators cannot be used to share information during the assessment, or to remove assessment questions or answers from the assessment room.***
