## Announcements

### Halloween

- It was wonderful to see so many students dressed up for Halloween at school Friday. Our students put lots of effort into their costumes and showed great creativity. The weather was beautiful Friday (contrary to the forecast) so we decided in the morning to have an outside parade after recess. Our younger students especially enjoyed showing off their costumes. We were thankful to continue this tradition in a safe way this year.
- We hope everyone enjoyed a safe and exciting Halloween on Saturday under a full (blue) moon. As the students return to school Monday (some with lots of trick or treat candy) we ask that students bring only a few sweet treats for a recess / lunch snack.

### Parking Lot Safety

- Last week one of our staff member's cars was hit and damaged while parked during the day. It appears that someone backed into the car. A reminder that our parking lot is for staff vehicles only. If you would like to park and walk your child to the school building, please leave early, park off site and use our crosswalk when walking through the lot.
- We are also asking our families who would like to drop off their children to do so in the drop off area directly in front on the school only. We have staff supervisors for 15 minutes before and after school. Please do not drop off your children in the lane by the gates and then cut through the parking lot to the exit. Thank you for your cooperation.

### Bringing in Baked Good and Treats to Share

- A reminder that we cannot have students bring in treats (like cupcakes or cookies) to share with classmates for birthdays and special occasions, even if the treats are individually wrapped and/or from a bakery or grocery store. This is a district wide guideline put in place this year because of the pandemic. Remember, these increased measures are for now, not forever.

### Masks

We continue to encourage all students to wear a mask when they are outside their learning groups in the halls and when they go to the washroom or another part of the school. Many students are also wearing masks in class. All of our staff is wearing masks when they are working with students outside their learning group and when they leave their classrooms. We encourage all parents to send their children to school with a mask (and an extra) and to regular wash them so they are most effective for keeping everyone safe. Thank you for your cooperation with this important health protocol.
