District Partnerships

- please email this form to deol_d@surreyschools.ca if you want to learn more about these programs

District Partnerships are developed in partnership with local post-secondary institutions to provide specialized training. The purpose of these programs is to allow students to complete first year post-secondary courses while working towards graduation.

Students complete most of these programs in the 2nd Semester of Grade 12.

- Please speak with someone in the Career Centre about applying for these programs
- Students must apply for most of these programs by Spring Break of their grade 11 year.
