Principal's Message

We have made it to June in yet another interesting school year filled with challenges, much problem solving and great accomplishments and achievements by our students. I want to thank all parents and students for your patience and understanding over this past year as we navigated the ever-changing landscape due to the presence of Covid. We recognize that this has not been an easy school year for many in our school community and we look forward to a brighter, more normal school year starting in September.

We are busy already preparing for the next school year. With the encouraging news of vaccinations and the downward trend of Covid-19 cases, we anticipate a full return to face-to-face classes for grades 8-12 in September. New Covid variants, and what is happening in our communities could have an impact on plans, but we remain optimistic that we will be able to welcome all of our students back for full face-to-face instruction. All secondary schools in Surrey will be preparing to begin the school year on the quarter system as we had this year. With things being so fluid due to Covid, this of course could change between the time you read this and the start of school in September but as of now we are preparing for the quarter system. Please see included in the newsletter our bell schedule for the next school year.

June is usually a time of great celebration for our graduation class. This June will be no different as we honour and recognize our grad class of 2021 in a similar fashion as last year. Please see in the newsletter the plan for our commencement on Wednesday, June 23. Our commencement committee have been working extremely hard to design a wonderful celebration that meets the strict Provincial Health Officer guidelines while still recognizing and celebrating our graduating students on their completion of thirteen years of schooling.

A reminder that Friday, June 18 will be our last day of regularly scheduled classes. Please look to find report cards posted in the afternoon of Friday, June 25. For course planning purposes for the next school year, all students taking online courses through the Surrey Academy of Innovative Learning (SAIL) or another online school are encouraged to complete these courses as soon as possible.

As we move through the summer, we will continue to update you through our website and our Panther Time App, with new district and school information.

On behalf of all the staff at Lord Tweedsmuir, we congratulate our 2021 Graduation Class and wish everyone a safe and enjoyable summer.

Sincerely,

Robin Smalley

Education Planner BC <https://www.educationplannerbc.ca/>

WHAT'S OUT THERE?

Use EducationPlannerBC's Program Search to find different programs here in BC. Search and focus by subject, location, length of time, or try different keywords or filters.

WHAT FITS YOU?

Compare a few different post-secondary institutions and programs. Do they fit with your career goals, the time you have, and how much you can afford? Many programs offer laddering or transfer opportunities - meaning where you start is not always where you finish.

KNOW YOUR INSTITUTION'S ENTRANCE REQUIREMENTS.

Each institution has its own rules on how you can be part of their school, called General Institution Admission Requirements. Know them. Meet them.

APPLY ONLINE

Create one account and apply to multiple post - secondary institutions. *Please check the Post Secondary you wish to attend to see when Applications are due.* You must check the website of the school you are interested in attending. On-line admissions open as early as mid-August so you need to research the important dates for your post-secondary institution.

As a general guideline, the (final) admission deadline for universities falls between December and March.

Application deadlines for BCIT and many Colleges vary by program and may extend into the spring and summer months; you must check the school's website for the specific details of your program.

TRANSCRIPT REQUEST

Please come to the **Career Centre** located in room T202 located on the table in Career Centre to request your Official Transcript. Please allow **three days** for processing.

OR

Do you require a Unofficial Transcript for Scholarship Applications, Out of Province Applications or Specialty Programs? *Student Transcripts Service (STS) is an online application for students to view their school marks and send transcripts electronically.*
