

LUNCH DELIVERIES

Parents, we need your help!

On several occasions we have had “Skip the Dishes” deliveries for student’s lunches. When this happens, the secretary, teacher or student is exposing themselves to 1 more potential risk. The Health and Safety Department of our School District has strongly recommended that all school refrain from these types of deliveries. The request is that deliveries, other than parents dropping lunches outside the front door, do not happen. Having food delivered from outside sources only increases the potential for “touch point” contamination.

Thank you for your help in our ongoing efforts to keep our students and staff safe.
