# ART CLASSES IN YOUR SCHOOL

**Neighborhood Art Studios** now offers hands on Art Classes in your school. Eight weeks of learning, creating and experiencing ART! These Art Classes will spark the creativity and imagination of students with fun Art Projects. The set of eight sessions will introduce them to new mediums, tools and techniques.

**DRAWING** helps children discover the joy of creating and it stimulates their imagination developing their self esteem and sense of accomplishment. Students will learn how to draw from our illustrated step by step instruction starting from drawing animals from basic shapes, adding details and shading in different mediums such as Pencil, Oil Pastels and Pencil Crayons.

**PAINTING** gives an amazing opportunity for children to express their perception, feelings and interests. Students will be introduced to new techniques in Acrylic Painting on canvass, learning how to mix and blend different colours, creating special effects and texture.
