November 20, 2020

Dear Latimer Families,

I wanted to take this opportunity to touch base prior to the November newsletter. Following our second exposure letter and Dr. Bonnie Henry's Thursday presentation, I wanted to reiterate again that one of the measures we have to prevent transmission is **mask wearing**. Dr. Bonnie Henry has mandated mask wearing in all public and retail spaces. While schools were not mentioned, we **would like to encourage everyone to wear a mask** in our common areas. While we are not mandating mask wearing, we are identifying it as a safety measure we would like to follow in our school. If your child requires a reusable mask, we do have a large quantity that was delivered to us from the district.

Thank you again for your understanding and vigilance in ensuring that we stay healthy going into the holiday season.

With warmest regards,

Susan Yip
Principal
