

# Plant-a-Tree Bonus Program

## Here is the Program

We can work together to help reforest parts of Canada. When you order any of our products from your fundraiser, **MIS** will donate on behalf of your group or organization to plant indigenous seedlings in non-harvest areas in Canada.

## Here is how it works

For every 10 master seed package you sell **MIS** will give funds to plant one tree. For example, sell 100 master packages and we will have 10 trees planted on your behalf by a non-profit organization. Good for all orders. We will promptly send you a certificate commemorating your group or organization's contribution to improve the environment.

## Why Trees

Trees store carbon and clean the atmosphere. In 50 years one tree generates \$30,000 in oxygen, recycles \$35,000 of water, and removes \$60,000 of air pollution.

## Just a few of the other benefits of trees:

- Trees combat the greenhouse effect
- Trees clean the air
- Trees provide oxygen
- Trees cool the streets and the city
- Trees conserve energy
- Trees save water
- Trees help prevent water pollution
- Trees help prevent soil erosion
- Trees shield children from ultra-violet rays
- Trees provide shelter and food for birds and other wildlife

**Why Choose Us? Because you will take a step toward helping our environment.**
