

New Student Registration

Please note: *schools in SD36 are closed for the summer. We will continue to accept your registration requests for the upcoming school year, but they may not be processed at your requested site until late August or early September. Some secondary schools may be able to follow up with your request earlier. Please see the school's website for office hours.*

The Surrey School District is pleased to welcome all new students to our schools. In order to help support social distancing in our schools, we are now offering a new online registration system for parents. Please note that registration at your school of choice is based on availability.

When registering your child, please note the following process:

1. Use the [School Locator Tool](#) to determine your catchment school
2. Complete the [online registration request form](#)

The school district recognizes that personal circumstances may make it difficult for some individuals to complete the registration process. Please discuss any unique circumstances with the school principal when you are contacted. We welcome all new students and we are pleased to assist in any way we can.

Please see below for important information regarding the registration process. If you have any questions, please [contact your catchment school](#) or the school district at 604-596-7733.

Specialty and Choice Programs

Surrey Schools offers a number of "[choice](#)" programs that challenge students and enhance special skills or subscribe to certain philosophies. Students still receive the regular B.C. school curriculum, but also have an opportunity to extend their understanding and experience.

You do not need to live near the school or in the district to enroll.

Kindergarten registration in the four most popular programs (French Immersion, Intensive Fine Arts, Montessori and Traditional) is done through an [online lottery application](#).
