Internet Safety

This Thursday, November 14th, students in Grades 4 to 7 will participate in an Internet Safety Presentation sponsored by the P.A.C.

The overall theme of the presentation is to urge students to understand that nothing we do online is private, even if a screen name is used.

Whether someone is committing a crime, or simply posting their latest selfie, everything is tracked and searchable.

A parent presentation is scheduled from 7:00p.m. to 9:00p.m. on Thursday, November 14th. Parents are encouraged to attend this presentation at the school to learn how to reinforce the message to students on how to protect their privacy and identity on line.

Admission is by donation.
