I hope everyone had a great Spring Break! Mrs. McBride's grade 5 class with Ms. Steffler held their elections on Friday. After a competitive campaign with posters and speeches, and following the voting process, the Coco Puffs Party won with Vancouver Millionaires coming second. It was a privilege to work with Benedict C. leader of the Coco Puffs and Gagan S. the leader of the Vancouver Millionaires. They took on the role of Teacher for the day and helped me with some administrative duties.

Ms. Ossea's Science classes held a Science Fair in the gym Friday afternoon with each class having an opportunity to visit the great Science projects. We had four teams represent our school at the District Science Fair earlier in March. They were: Baltej B. and Uday W., from grade 7, received a bronze ribbon for their project on, "What Soda Pop Does." Muskaan H. and Ashadeep C., from grade 7, received a silver ribbon for their project on, "Brain Damage." Manjot K., from grade 7, received a gold ribbon for her project on, "The Brain." Simran R. and Roshin R., from grade 6, received a silver ribbon for their project on, "How Submarines Work."

The primary classes celebrated 100's Day. They had a great time counting and playing with 100 things throughout the day. We had a lot of students wearing crowns for the grand celebration.
