

FLEETWOOD RESERVOIR AND WATER MAIN

We're working in your neighbourhood to improve the delivery of clean, safe drinking water

ROAD CLOSURE ALONG 94 AVENUE

October 14, 2021

Dear Berkshire Park Elementary School parents, guardians and staff,

Thank you for your continued patience and understanding while Metro Vancouver continues construction of the new Fleetwood Water Main.

Crews have almost completed the section south of Berkshire Park Elementary School along 154 Street to 90A Avenue. Starting next week, they will begin work on 94 Avenue from 154 Street to 153A Street. **This section of work on 94 Avenue will require the road to be closed with no through traffic for approximately three weeks.**

There will be no parking, drop-off, or pick-up space for vehicles in this area of 94 Avenue during this time. The area will be setup as follows to ensure safety for the public and construction crew members at all times:

- The work will be done in two phases, east and west, in order to keep at least one driveway to the school parking lot open at all times for staff parking and school buses. **There will be no vehicle access for families in the staff parking lot during this work on 94 Avenue.**
- Construction on the east side will begin on approximately October 20 and last one to two weeks. Construction on the west side will follow and last another one to weeks. Please see the maps on the following pages showing the two phases.
- While they work on the west side there will be no access to the drive-through loop in front of the school.
- The sidewalks will be closed on both the north and south side of 94 Avenue in the construction zone, but alternative safe, accessible pedestrian paths to and from the school will be provided.
- Detours and signage will be in place, and traffic control personnel will be available during work hours (generally 7:00 AM to 5:00 PM).

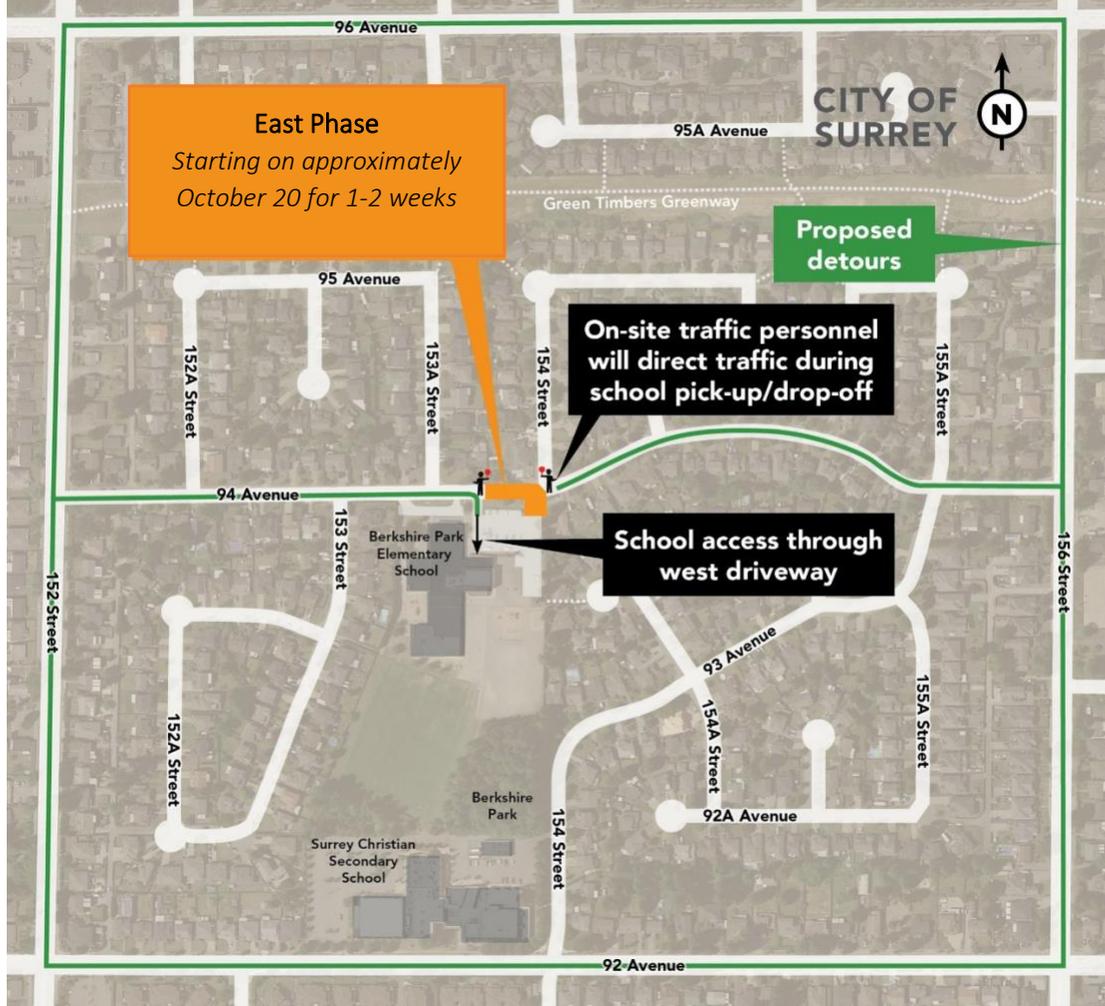

Following the completion of work on 94 Avenue, crews will work north along 153A street for the final section. They expect to have the whole project completed and the area and school grounds restored by the end of the year.

Please do not hesitate to contact me via the contact details at the end of this letter if you have any questions or concerns.
