November 22, 2017

The last full week of November is here. How time flies when we are busy having fun learning! It is one month to our Winter Break! We would like to take this time to wish Mrs. Sardinha the best in her new school district. There was a great teaching opportunity that opened up for her; as well it was closer to home. We welcome Ms. S. Pattar as our new grade 1 teacher.

We are very happy to introduce our new PAC executive for the 2017-18 school year.

President – Harpreet Bhullar

Vice-President – Satwinder Kahlon

Secretary – Bobbi Banister

Treasurer – Carolina Torres

Our students' safety is the utmost importance for us! Drop off and "parking" is still a huge concern! We have families parking in the bus/handicap area, which is designated for our bus that picks up our students. Parking in that area blocks the bus from entering the parking area. There is absolutely no parking in the handicap parking until after 3 pm. There is a traffic sign that indicates that information. We also encourage cars pulling into the upper parking to stop closest to the exit and not the entrance area so we do not block the area. We **cannot** have any cars driving up onto the sidewalk by the disposal bins as this blocks the sidewalk for students to exit the school grounds.

Parking is defined by stopping your car, whether you are in or out of the car. Please know that on rainy days, walking in the rain to the car will not harm students, but cars parking in no parking areas can cause student injury. Another concern is the speed cars are driving in a school zone. It is 35 km/h! Remember children do not always look when they cross the street and we would be very sad if a child is hit by vehicle. Thank you for your support in keeping our students safe when coming and leaving our school.
