

District & School Course Fees 2021-22

Parents and students are advised of the following optional fees and workbook pricing for the 2021-2022 school year. The school will provide the basic materials and resources necessary for students to meet the learning outcomes for each course. Students will need to continue to provide their own basic supplies and equipment for their own personal use such as paper, writing tools, calculators, notebooks, gym attire and musical instruments. Workbooks may be provided to students on loan or they may be purchased outright. Some courses such as textiles, and wood work provide students with the option of using different or better quality materials which they may bring from home or purchase from the school at cost. Some courses offer optional certifications or external examinations for which there are charges. If you wish to discuss these charges please contact the school at 604 581-4433 in early September. Please also refer to our website: www.surreyschools.ca/northsurrey for any additional school information.

**School Fees for 2021-2022 may change due to circumstances in schools as a result of Covid-19.
