Moving?

Please inform the office as soon as possible if you are moving and/or transferring schools. This is an enormous help in preparing for September. We will miss you and wish you the very best in your new homes and schools. Take care.

Staffing

Dear Panorama Park Parents/Guardians,

We have much to celebrate at this time of year. Panorama Park has been gracious, positive and caring place to be. Our talented and dedicated staff has contributed their time and efforts to make our school a safe, caring place to be. They are our pillars of strength and support, and we are grateful to find ourselves in such a supportive community.

To those of you who will not be returning in the fall, we bid you “au revoir”, and do hope we see you again. All the best in your new schools.

PSST (Protecting Surrey Schools Together)

The PSST (Protecting Surrey Schools Together) [website](#) has been a Surrey Schools innovation since 2007.

PSST is a website hosted by the Surrey School District with support from the Surrey RCMP and Surrey Crime Prevention.

Are you looking to report something anonymously?

If you've seen or heard something concerning, let us know.

Is someone or something bothering you or your friends at school? The PSST Report It form is available 24 hours a day 7 days a week and is a safe, secure and anonymous way to report issues of concern.

You can report anything that you have seen, heard or experienced if it relates to your safety or well-being or that of another student. This can happen at school, in the community or online.

Student Placement - 2023 - 2024 School Year

In May, we begin the process for organizing and planning classes for next year. We work collaboratively with our team (classroom teachers, Intergation Support Teacher, Learning Support Teachers, School Counsellor, Child Youth Care Worker and administration) to determine the most suitable placement for your child based on the following criteria:

- Student intellectual, social and emotional development
- Learning styles and strengths of students
- Degree of independence
- Social compatibility
- Maintaining reasonable teacher-student ratios

If you have any information you would like to share about your child that will assist in this process, please share this information in a letter address to the administration.

Our goal is to create the most positive and effective learning environments possible for all students.

Protect Yourself And Others This Cold And Flu Season!

Nobody likes being sick, and with cold and flu season upon us, it's up to all of us to help prevent the spread of communicable disease in our school communities. [B.C.'s Communicable Disease Guidelines for K-12 Settings](#) remain important to the ongoing protection from and prevention of respiratory illness, including colds and flus. The health and safety of our classrooms is a team effort – students, staff and visitors are urged to stay home if they are not feeling well or are experiencing symptoms, including fever and/or chills, recent onset of coughing or diarrhea:

- For uncontrolled fever: stay home until you do not have a fever and feel well enough to return to your regular activities.
- For undiagnosed vomiting and diarrhea: stay home until there has been 24 hours since your last episode.

In addition to staying home when you're sick, there are a few other ways you can keep yourself from getting sick and from spreading illness to others:

- Wash your hands regularly: Practise frequent hand hygiene to prevent the spread of germs and respiratory illness.
- Cover your mouth when you cough or sneeze. Cough and sneeze into your elbow instead of your hands.
- Get your recommended vaccinations. [Flu shots](#) are free to everyone in B.C. six months and older, and are available as a shot or a nasal spray. BC residents 6 months and older are also encouraged to get their [COVID vaccinations](#).

The decision to wear a mask or face covering is a personal choice for everyone. This choice will be supported and treated with respect in all our schools. Disposable masks will continue to be available at our sites for those that wish to use them. Staff, students or visitors may attend school if their symptoms are consistent with a previously diagnosed health condition such as seasonal allergies, or if their symptoms have improved to where they feel well enough to return to regular activities, and any fever has resolved without the use of fever-reducing medication (i.e. acetaminophen, ibuprofen). If a staff member, student or visitor develops symptoms of illness while at school and is unable to participate in regular activities, they should go home until their symptoms have improved. If you are unsure or concerned about your symptoms, please connect with your health care provider or call 8-1-1. For more

information, check the [Provincial Communicable Disease Guidelines for K-12 Settings](#). Thank you for continuing to keep our schools and workplaces healthy!
