COMMUNICATING STUDENT LEARNING

All teachers communicate student progress in an on-going way through either digital portfolios or other (non-digital) collections/evidence of learning. Communicating Student Learning (CSL) includes capturing learning, conferencing and reporting. Teachers all across the district have two options to communicate student learning formally at different points of the year using either the CSL Template Report or through Freshgrade.

On Thursday, December 12th, parents will receive information from their child's teacher. Parents will either be receiving a Template Report outlining their child's progress over the first term **or** will be receiving a letter to remind parents to check their child's digital portfolio on Freshgrade. Both of these district-approved methods are ways for teachers to ensure that parents are aware of their child's progress in the various areas of learning and are meant to provide parents with an opportunity to share feedback.

GINGERBREAD HOUSES

Friday, December 13th is a very special day at Bayridge as the students will be making "gingerbread houses". Please note that this year, the royal icing will be provided by the PAC.

We would be most appreciative if you would please send the following items to school for this project. These items should be sent to school on or before Friday, December 13th.

1. Approximately one cup of **assorted candies** to decorate your child's gingerbread house. Please send the candies in a labelled zip-lock bag or covered container labelled with your child's name.
2. A **cardboard base** (approximately 9 inches by 9 inches, or 23 centimeters by 23 centimeters) covered with **aluminum foil** and labeled with your child's name.
3. A clean, empty milk carton (250ml).

*If you are able, we would greatly appreciate it, if you could please send a box of graham crackers for the class to use for this very special project. Thank you for your support in making this school-wide activity possible for all of our students.
