

Parent Night
INCLUSIVE EDUCATION

What is Inclusive Education?

Inclusive Education means that all students attend and are welcomed by their neighbourhood schools in age appropriate, regular classes and are supported to learn, contribute and participate in all aspects of school life. Students may work on individual goals while developing their own strengths and gifts in a culture that provides opportunities to learn about and accept individual differences.

We have many students with designations at Latimer Road and believe fully in creating an inclusive environment. Some parents feel isolated and would welcome the opportunity to connect and share with other parents (of both designated and non-designated students).

We would like to offer an opportunity to make this happen. The evening is not limited to parents of designated students but all parents who are interested in connecting and those interested in knowing more about how we support all learners or have questions about District/school processes.

The gathering will be informal and there will not be a planned agenda.
