

Parent Update

Newsletter

Hello Latimer Parents! Thank you for all your patience during these interesting times. We are all learning together how to provide the children with the best possible support during the COVID19 situation. We are keenly aware of your challenges and the uncertainties that face us all. We do know that our K-5 students will have the opportunity for limited on-site learning in June. The detail should come next week. We expect there will be small groups coming in on a rotational basis to accommodate social distancing protocols. We also know that many families will choose to continue with remote learning rather than face to face. In order for our custodians to start a deep cleaning process we are asking families to collect all student supplies beginning next week. Please use the link below to sign up for a time that best suits you. All student supplies can be picked up from our gym (using the back entrance only). We ask that those families with multiple children, collect from the various divisions at that time. We will have our administration and support staff there to help you.

PICKUP of Supplies

<https://www.signupgenius.com/go/9040A48ADAD2DA4FD0-pick>

**** MONTESSORI PARENTS – Please check with your child's teacher as most of the materials will remain in place at the school. There may be a few exceptions for those students moving.**

STAFFING CHANGE

This will be my final year at Latimer Road. Typically, administrators move every 4-6 years at the discretion of the District. I will be moving to a White Rock location. Ms. Susan Yip will be the Acting Principal until October 1. It is our hope she can secure the position permanently however, this again is at the discretion of the District.

Latimer is a wonderful community and I have thoroughly enjoyed working with all the students and families. I will miss you all!

Wishing you health and happiness. Take care of yourselves.

Warm Wishes,

Eithne Harrison

Principal
