

PARENTS AS CAREER COACHES

Parents as Career Coaches (PACC) is a two-session, four-hour interactive workshop designed to help secondary school parents become more effective career development allies for their children. Parents are introduced to the concepts of coaching and given practical tools and research skills to help them as they coach their youth.

Since we had large numbers of parents attend our November PACC workshops, Marion Haythorne, PACC instructor, has offered to run a third PACC workshop. The details are below.
