- Welcome to Kindergarten May 21
- Track and Field practices, Track Meet May 26
- Hiring a Kindergarten teacher

### **Items to discuss:**

Beginning planning for next year – currently have 13 divisions (same as this year). Likely some changes to class organization – not enough students in grades 6 and 7 to have the two combined grade classes. We had a strong interest from our own grade 5 students to join the French Immersion program so that’s drawing down the numbers. Final organization decisions usually come in September with the students. This year hoping to get a “heads-up” on children moving out with notice in the most recent newsletter.
