KUDOS:

Congratulations to Ms. Kang's Chemistry 11 students, Sara Humphreville, Alisa Li and Alexandra McQueen for producing the highest quality crystal in this year's "Crystal Growing Competition"!

<http://www.cheminst.ca/outreach/crystal-growing-competition>

Very impressive and beautiful work!

Congratulations to our Grade 8 Boy's Volleyball team and coach Mr. McDonald. They finished 2nd in Surrey this season! The boys had a fantastic season and were excellent ambassadors of our school. Congratulations boys!

IN THE NEWS:

[Soccer provincials features stark Surrey talent](#)

by Trevor Beggs - Surrey Now-Leader

Posted Nov. 21, 2017

Surrey's soccer supremacy will be put to the test this upcoming week during the B.C. Secondary School provincial soccer championships.

Tuesday, November 28 12:00 - 2:45

Mr. Day - Cloverdale Agriplex

Wednesday, November 29 & Thursday, November 30 8:00 a.m. - 3:30 p.m.

Mr. Korbitt and Ms. Singh - Vancouver Aquarium

This Week at Fleetwood Park

Principal's Message: November 20 - 24

Hello and happy Thursday to all Fleetwood Park Secondary staff, students, parents/guardians and friends. It has been an interesting and enjoyable week at the school, and I am happy to be able to share a few highlights!

On Monday, several of Ms. Snodden's students attended the Neuroscience symposium at UBC. This is Ms. Snodden's description of this fascinating field trip.

Students first attended a keynote presentation by Dr. Cheryl Wellington, a professor from the faculty of medicine, who went over the various components of the brain, what concussions are and how they affect the brain, and finally the teenage brain. Then we had the opportunity to go to the Belkin Art Gallery on campus to view the drawings of the brain done by Santiago Ramón y Cajal (1852-1934), who was a neuroscientist renowned for his discovery of neuron cells and their structure. After lunch we attended a neuroanatomy demo where one of the anatomy professors provided us with an in depth look at a real human brain, its parts and what they each do. Finally, we did a tour of two neuroscience labs. One was a clinical lab where we were shown some of the tasks the researchers do with the elderly population to test their working memory and also how brain activity is monitored while doing various tasks. The second lab was a research lab where post-doctorate researchers explained their current research on neurons and microglia to us and showed us some of the imaging they have captured. It was all very interesting!

On Monday afternoon we met with our Department Heads. Although difficult to believe, we have now initiated our planning for next year's timetable. Department Heads have been tasked with a review of our current courses and asked for their recommendations for revisions and for new courses for next year. As described in the latest announcement from the Ministry of Education, we will be fully implementing the new Grade 10 curriculum in the fall. Many departments will also pilot new courses for the grade 11 and 12 curriculum. Our review of future course offerings is a very important first step in building next year's timetable. We will begin the course selection process with our grade 10 "CLE" students in January after we have finalized the courses that will be offered. I would like to thank all department heads for your very important leadership in the creation of our Course Selection booklet.

This week we have had numerous special presentations. There has been a wide variety of unique and powerful learning opportunities for our students. On Tuesday, we welcomed Mr. Jordan Buda from the Surrey District's Safe School's Department and the Surrey RCMP Anti-Gang unit, to give a special presentation to our Grade 8 students. They provided a very serious message with valuable information to our youngest Dragons about the dangers of gangs, the importance of their decisions, and the possible ramifications of their actions.

On Wednesday, we hosted MADD, Mothers Against Drunk Driving, to deliver a powerful media presentation to our grade 11 and 12 students about the dangers and consequences of drunk driving. Thank you to our Career Education Department for your work in organizing these presentations.

Also on Wednesday afternoon, our PE students were offered a fun and challenging fitness workout as Ms. Chong ran a very energetic Zumba class for our students!

Today, Friday and Saturday our Senior Boy's Soccer team will be competing at the British Columbia Provincial Soccer Championships. The tournament is in Burnaby, and we will be there to cheer our team on!

The team has had such an outstanding season, and we wish them the very best in competing against the top teams in the province. Good luck Dragons!

NOTE: This morning the boys won their first game with a very impressive 3 - 0 victory against McMath Secondary.

On Friday our Senior Music students will have the opportunity to play for an international audience. We will be live-streaming to a group in Criel-Sur-Mer France as part of a Canadian Christmas Market event. It should be a fascinating experience.

The "Lunch with the Principal" student focus group will begin on Friday. I am looking forward to meeting with a few students every month for lunch and conversation. We will be discussing our students' experiences at Fleetwood Park, how they are engaged in school life, and their feedback about strengths of the school and areas for future growth. This will be valuable information for us as we reflect on the needs of our students and how we can best support their education and well-being.

I would like to recognize and thank all of our parent/guardian volunteers working on this year's Dry Grad Committee. Parent Ms. Sarb Bains is the Chair of this important committee, and they have begun their fundraising campaign for this year's Dry Grad. This is such a worthy cause. I highly encourage the Fleetwood Park community to support their fundraising events throughout the year. Their first campaign is a Poinsettia Sale for the holidays.

Please visit <https://fps.growingsmilesfundraising.com/home> and place your order!

Confirmed Pickup Date: Friday, Dec 15 (in 23 days) – 11–12:30 or 2:45–4:30 – main entrance by office

Welcome to the Fleetwood Park Secondary – Dry Grad 2018 fundraising website!

This Winter we are selling beautiful, locally grown Poinsettias to help raise money for Dry Grad 2018.

By purchasing a beautiful Poinsettia this Winter, not only will you be spreading holiday cheer, you will also be supporting an amazing cause!

We hope that you will see something you like below and help support our cause. We couldn't do it without you! Please scroll down to see the order form and payment options.

Thank you so much!

Fleetwood Park Secondary – Grad 2018

Order Deadline: Monday, Dec 4, 2018

Pick up at school: Friday, Dec 15, 2018

There is much “on the go” at FPSS. We are all very fortunate to be part of such a vibrant community of learning and celebration. Our staff and students continue to display the positive Dragon Pride that defines our school and makes us very proud.

Have an excellent Friday and weekend.

Go Dragons!

Ken

Mission Statement:

“At Fleetwood Park Secondary we value excellence in education and strive to provide a learning environment where all students are encouraged to build successful futures.”
