Ready, Set, Learn

Dear families,

All three and four year old children that are not entering kindergarten in September are invited to attend Ready, Set, Learn on Tuesday, April 26th from 1:15- 2:15 in the school library. Please call the school to pre-register your child.

Ready, Set, Learn is an early learning initiative sponsored by the Ministry of Education to foster positive connections between families, the school system and community agencies. It is designed to provide children and parents/caregivers with an opportunity to participate in a series of play-based learning activities within school or community settings. It also provides an opportunity for families to receive information from participating community agencies. Three- to five-year-old children and their families are invited to attend one of the Ready, Set, Learn events held by each school throughout the district.

For more information and registration details, please contact the school directly.

Parents/caregivers will receive helpful tips to support their children's learning and development, as well as information about early learning programs offered by the school district and various community resources available to families.

Grade 7 - YWCA Guide to High School Program

For many students, the transition from elementary school to high school can be challenging and complicated. Concerns about changes in work load and school environment, different friends, new social pressures, and increased responsibilities can sometimes make this time seem overwhelming.

YWCA Metro Vancouver recognized the need to support students in their transition to high school, and in consultation with the Surrey School District, developed innovative after-school programs for Grade 7 students which have been running successfully for more than 15 years.

The Grade 7 programs are now being offered in person at Rosemary Heights as Guide to High School (previously known as Being Me). Grade 7 students are invited to a weekly afterschool program to build skills for healthy relationships, decision-making, and self-esteem in high school. While connecting with other Grade 7 students in their school and community, students will learn how to manage stress, make new friends, resist peer pressure, and more.

Sessions will take place every Friday from April 22 to June 10 from 2:45pm-4:25pm. Program is free for participants. To register [click here](#).

The Surrey School district invites applications for the following position:
