“Success For All”

**School Fees Notice 2025/2026
to Parents/Guardians**

Each school year, parents support their child(ren)’s formal learning experiences in a wide variety of ways. We greatly appreciate all that you do to ensure a successful year!

We have provided an itemized school supply list based on grade. Parents may opt to purchase supplies directly from the company; however, they may also choose to purchase them independently at a later time. The total cost of school supplies for grades 1-7 will not exceed \$65.00 and the total cost for kindergarten supplies will not exceed \$55.00.

Parents have the option of purchasing their child’s school supplies on their own, using the grade-specific supply list, or, for your convenience, you may wish to purchase supplies as a package through School Start. Payment is made directly to School Start, and costs vary by grade.

In addition to the school supplies itemized on the grade list, parents are periodically asked to contribute funds to cover specific items and/or special events. No student will be denied participation in any school activity due to financial hardship. Please contact the Principal should you require financial assistance.

As we plan for the upcoming school year, we anticipate the following costs:

Student Planner: We encourage all students in Grades 1–7 to purchase a school planner at a cost of \$5.00. The planner includes our school code of conduct, school calendar, and school district information. We find it to be an excellent tool for facilitating home–school communication and for developing students’ organizational skills. However, use of the school planner is optional, and parents may choose to provide their own alternative.

Musical Instruments: Grade 4 students may learn to play the recorder. Students will have the option of purchasing one through our music teacher for \$8.00–\$10.00 or receiving one on loan from the school.

Field Studies and Field Trips: Classes often enjoy educational visits to community facilities that extend and enhance the curriculum. While we use school funds or engage in fundraising to cover the costs of such activities whenever possible, there are times when parents are asked to contribute. If you choose not to have your child participate in a field study, a suitable program will be provided at the school.

Thank you kindly

Larissa Hillen and Kiran Gill
Principal, Vice Principal
