

Connecting to the New SD36 Network for Staff or Students with Personal Devices

Step 1: On your personal device, connect to the network named, SD36.

Step 2: Launch an Internet Browser (IE. Chrome, Safari or Edge)

Note: Certain devices will automatically open a browser.

Step 3: Navigate to the SD36 Captive Portal (Figure A)

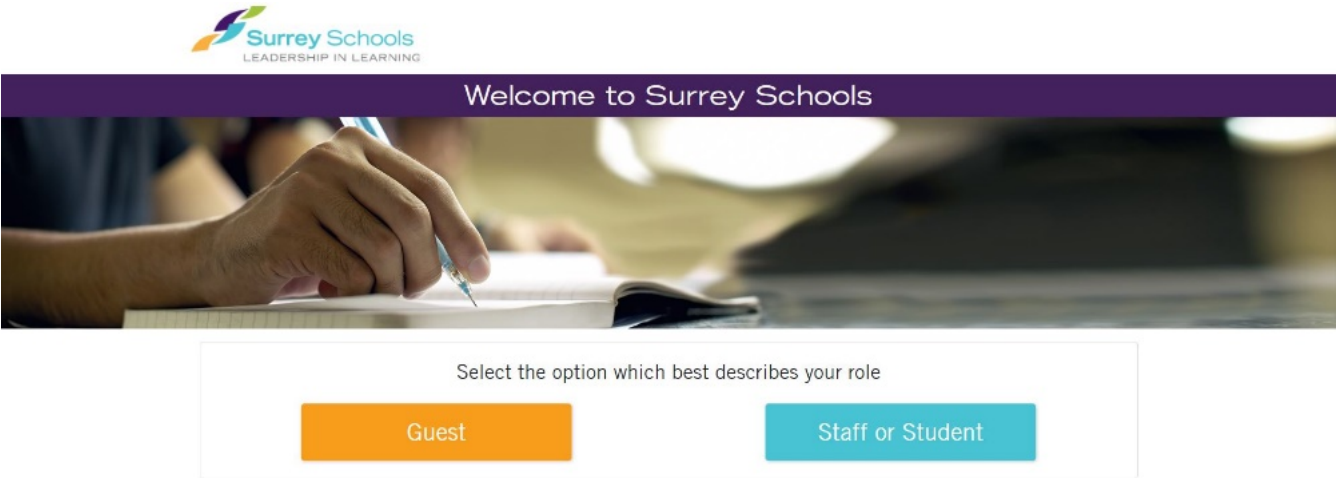

Figure A

Skip to Step 4 if a browser automatically opens and is already at the SD36 Captive Portal. Otherwise:

Safari (Apple Devices such as iPhone/iPad/MacBook)

Navigate to any website. Preferably a website you do not commonly visit (IE. Cheese.com).

If you encounter a website stating, “This Connection Is Not Private,” similar to Figure B:

- Tap/Click Show Details
- Tap/Click Visit this website (bottom of page)
- Tap/Click Visit Website
- The SD36 Captive Portal should now load

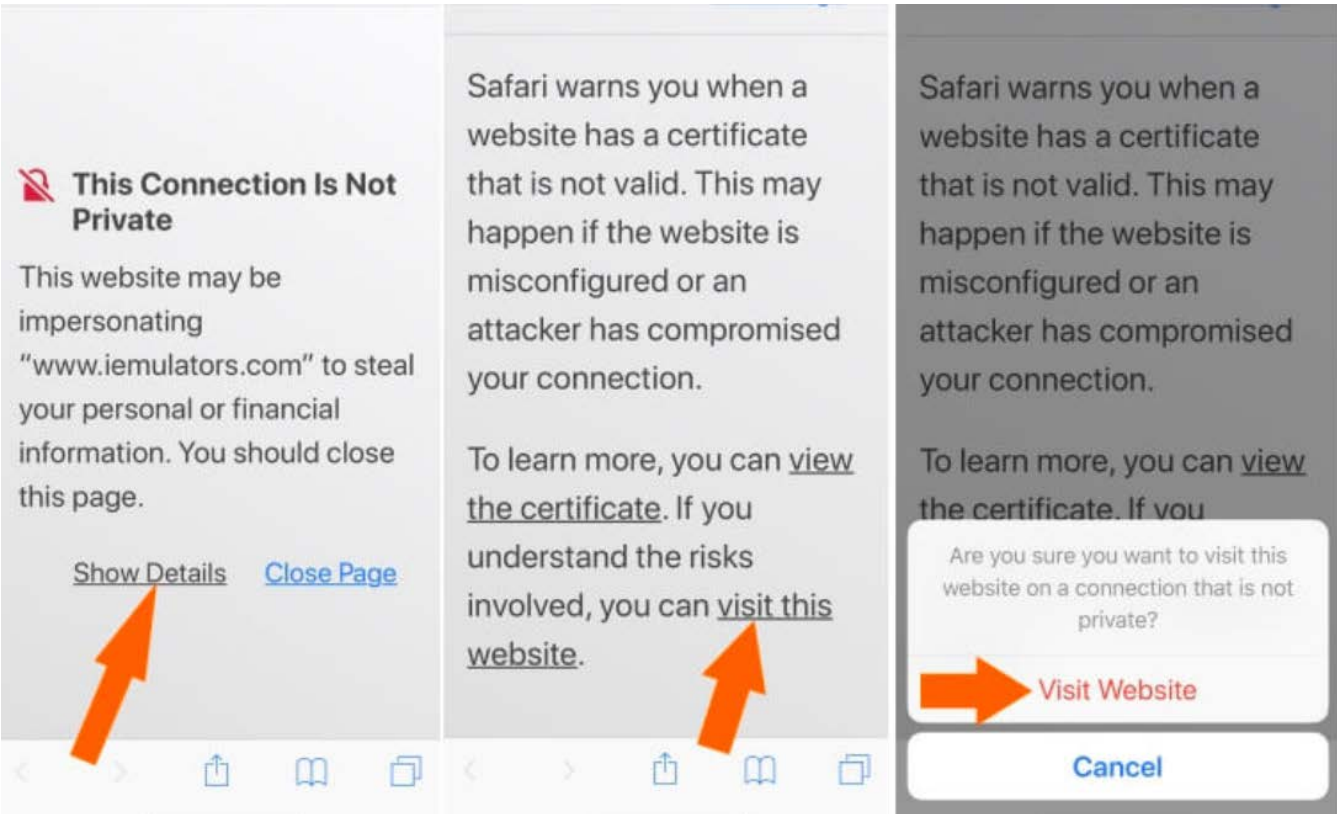

Figure B

Chrome (Android or Laptop devices)

Navigate to any website. Preferably a website you do not commonly visit (IE. Cheese.com)

If you encounter a website stating, “Your connection is not private,” similar to Figure C:

- Tap/Click Advanced
- Tap/Click Proceed to <website link>
- The SD36 Captive Portal should now load

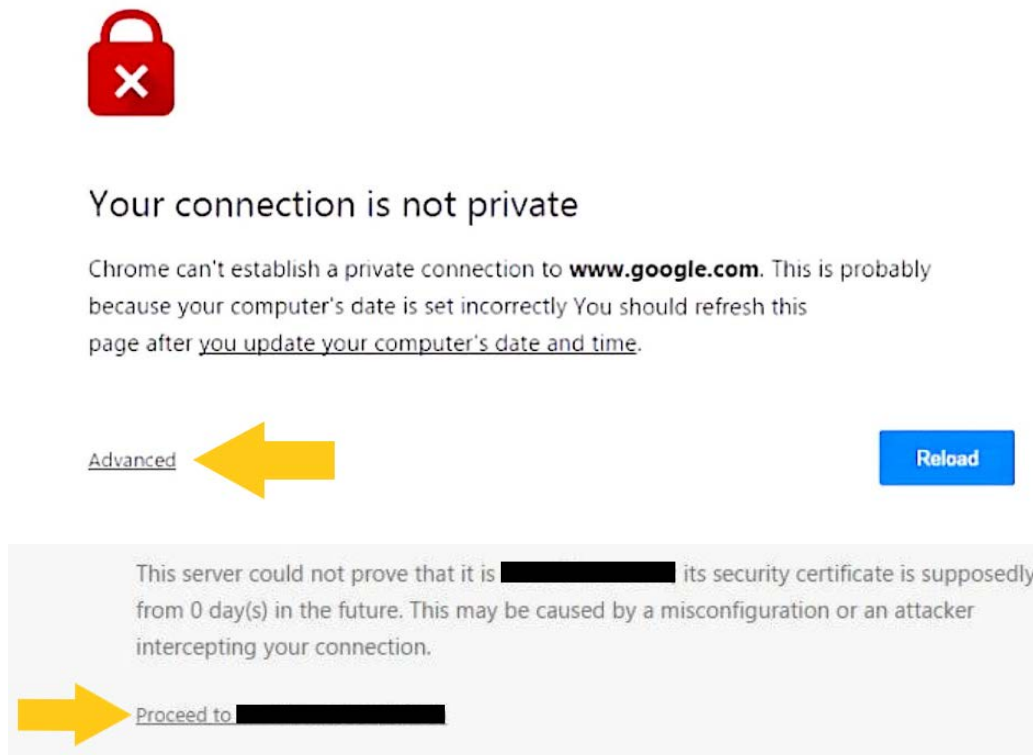

Figure C

Edge (Windows devices)

Navigate to any website. Preferably a website you do not commonly visit (IE. Cheese.com)

If you encounter a website stating, “Your connection is not private,” similar to Figure D:

- Click “Continue to this webpage (not recommended)”
- The SD36 Captive Portal should now load

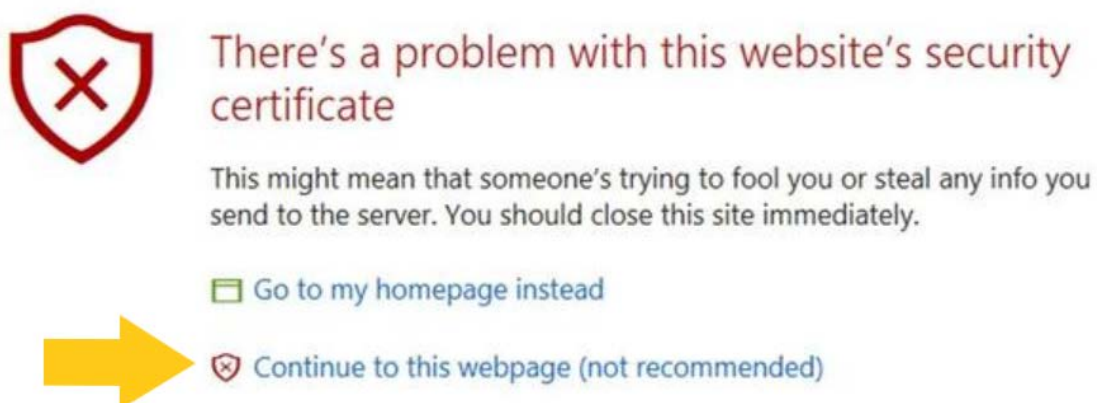

Figure D

Step 4: Select Staff or Student (Figure E)

Note: It is highly discouraged for Staff/Students to use Guest as Guest connections expire after 3 hours and will require the user to sign into the network every 3 hours to maintain connectivity.

Select the option which best describes your role

Guest

Staff or Student
