## September 2020

### “Back to School” at Fleetwood Park Secondary

The 2020/2021 school year is almost here! On behalf of the entire staff, I am happy to welcome everyone back to Fleetwood Park Secondary school. We are looking forward to the start of another year of excellence!

To begin, I would like to emphasize to all students, parents and staff that we will be very carefully attending to all COVID-19 Guidelines throughout the school year. The Ministries of Health and Education have identified the following four priorities for schools across the province.

- Ensure a healthy and safe environment for all students, families and employees.
- Provide the services needed to support children of our essential workers.
- Support vulnerable students who may need special assistance.
- Provide continuity of educational opportunities for all students.

The 2020-2021 school year will require care, ongoing attention to all health and safety requirements, creativity and innovation. As a school we will be reinforcing systems for hand/respiratory hygiene, enhanced cleaning, creation of student/staff cohorts, staggered student schedules, daily self-monitoring of health, availability and use of masks as per Ministry direction, physical distancing whenever possible, signage and movement of students. We will continue to carefully review all of our school-based systems and events through a health and safety lens and adjust and revise as necessary. Our top priority remains the health and safety of our community of Dragons.

At the time of writing, we are adjusting timetables and building systems to respond to the Ministry of Health and Ministry of Education's COVID-19 guidelines. Please see the updated educational model and bell schedule / school structure for September and beyond included in this newsletter. We are building cohort groupings for our students and will provide a hybrid (online and face-to-face) instructional model for Grades 10-12. All secondary schools in Surrey will be moving to a quarter model. Students will take 2 courses at a time for approximately 9 weeks. We will be ready to start the school year, and we will ensure that all necessary health and safety protocols are in place.

This newsletter contains much information regarding opening day routines, optional fees, the school calendar, medical information, extracurricular opportunities, school photographs and more. Please review carefully in order to make your return to school as smooth as possible. You may also contact the school between now and September 10<sup>th</sup> for additional information. Note: Please see the new “Orientation Days” schedule for students' return to school on September 10<sup>th</sup> or 11<sup>th</sup>. Regular classes will commence on September 14<sup>th</sup>.

The upcoming school year will provide all of us many learning opportunities and will produce incredible stories of success. We know that our students will continue to make us very proud. To ensure a successful start to the new school year, there are a number of important things students should do.

- \* Pay attention to the orientation information provided in homeroom and in your classes during the first week,
- \* Use our FP Dragons App, or other electronic methods to keep yourself organized,
- \* Follow and demonstrate our code of conduct: Respect Yourself and Others, Respect the Environment, Respect Learning,
- \* Be on time and ready to learn in all classes,
- \* Become involved and connected in a club, team, and/or extra-curricular activity,
- \* Ask questions

All students are encouraged to become involved in school life and become part of the Dragon tradition that has made Fleetwood Park Secondary such a wonderful place to work and learn. There are many ways to enrich your life within our community through academics, electives, extra-curricular clubs and athletics. Note: All extracurricular activities will need to follow the health and safety requirements established by the Ministry of Health.

I would like to send a special welcome to our new Grade 8 students, the class of 2025. Our school has much to offer and we are excited to have you join our family. We know that you will add to our rich traditions of excellence and become proud Dragons.

I would also like to recognize this year's incoming Grade 12 students, our graduating class of 2021. This will be a very special and important year for our senior students. As the graduating class, you will provide leadership and purpose in all aspects of student life. Your role as leaders within our community is a significant responsibility and directly contributes to Fleetwood Park's outstanding levels of excellence. We are confident you will meet our expectations as student leaders, and we know that with hard work and dedication you will enjoy a year of success and reward and build many life-long memories. 2020-2021 will again be a "unique" year of establishing a "new normal". Our Graduating class will be required to lead with care and creativity.

Parents, we invite you to become involved as partners in all aspects of the school. The first Parent Advisory Committee meeting is scheduled for 7:00 pm September 28. This is an excellent opportunity for parents to become involved in the school and all parents/ guardians are highly encouraged to join us. We look forward to parent involvement within this important committee. The format/location of the meeting will be communicated to parents in September.

This year homeroom is will occur in the regularly scheduled Block A of each day throughout the first week. Students will watch a grade-wide information video assembly in homeroom. They will be provided clear guidelines on how to achieve success and be a responsible citizen within the school community. We will carefully review all health and safety requirements with our students.

Extra-curricular activities are a valuable part of the school's educational program. Our school is proud to offer a range of school based structured organizations for additional school learning. These include many athletic activities and clubs that extend beyond the normal school hours and operate under the supervision of a staff member.

Sports and athletic activities are competitive, individual or team activities that are sponsored by the school and governed by the Surrey Secondary Schools' Athletic Association. Clubs are structured groups of students who come together on a regular basis for a specifically defined and approved purpose.

School District Policy requires that information regarding clubs be sent to you so that you have the opportunity to approve your son/daughter's involvement in such activities. ## Weather-related closures, cancellations & delayed openings

In addition to educating children, schools are expected to provide safe, supervised environments. Any cancellation, closure or delayed school opening has a significant impact on tens of thousands of families. Most cannot arrange alternate childcare when classes are cancelled or schools are closed unexpectedly.

Consequently, schools will not routinely be closed due to snow or other weather conditions unless there is damage or other circumstances (e.g. power outage) at a particular school that makes it impossible to operate safely. **No announcement will be made that schools are open; only cancellations, closures or delayed school openings will be announced.**

- **The district supports individual and family decisions regarding safety.** Student and staff safety are a priority of the school district. Parents/guardians have primary responsibility for their children's safe travel to school and staff members also decide if local conditions may be unsafe. If, for any reason, there are personal concerns about the ability to travel safely to school, other arrangements should be made. It is understood some students travel to school on routes that may be challenging on a snow day; therefore, **no student will be penalized for lack of attendance because of such conditions.** While schools are likely to be kept open, **the decision to attend is the responsibility of each family.** Parents can phone or email the school to notify staff a student won't be attending. **Weather-related student absences will be excused.**
- **Some schools may announce a delayed opening time.** The delayed opening time will be announced on the district website and through the media. The delay would be to allow more time to address potential issues such as a power outage or staff access to the school.
- **The district will do its best to communicate the status of schools beginning at about 7 a.m., when possible.** Weather, power, road and safety conditions can change substantially within a few hours, therefore assessments and decisions are made early in the morning so the information is more reliable.
- **Only closures or delayed school openings will be announced, otherwise, schools are open.**

### Busing

Regular and special needs school bus schedules may face significant changes or cancellation due to weather conditions. Changes/cancellations will be reported through the district website and news media.

### Announcement of closures or delayed openings

In the event of class cancellations or delayed school openings, the Surrey school district will post information on its website at [www.surreyschools.ca](http://www.surreyschools.ca) and provide updates to the following radio stations.

CKNW (980 AM)  
News 1130 (1130 AM)  
CBC Radio (690 AM)  
Red-FM (93.1 FM)

Radio India (1600 AM)  
Radio Punjab (cable/satellite)  
Fairchild Radio (1470 AM)  
CHMB (AM 1320)

Class cancellation/delayed opening information may also be broadcast on some local TV station newscasts and posted online by newspapers. **Please do not call the radio stations** as their employees are very busy receiving updates and preparing newscasts.

**Please do not call the schools and district offices.** Calling schools and district offices is also impractical since staff members are generally not available to answer telephone calls far in advance of regular school opening time and phone lines typically become congested in any event.

## Student Accident Insurance

### Did you know . . .

*Surrey School District does not insure expenses for student injuries that happen on school grounds or during school activities?*

*You are responsible for these expenses as a parent or guardian.*

The Surrey School District and your District Parent Advisory Council provides the opportunity for families to voluntarily purchase private accident insurance through the Kids Plus™ accident program underwritten by Industrial Alliance Pacific Life Insurance Company (IAP).

Kids Plus™ Accident Insurance offers protection against the potentially high costs of serious injury from unexpected accidents and is especially valuable for families who:

- do not have medical or dental plans,
- have limited plans, as it may help supplement health and dental benefits, or
- have active children who enjoy sports and outdoor activities.

### Accidents can, and do, happen

Kids Plus™ Accident Insurance has a selection of plans to suit most budgets. Benefits include coverage for:

- A full year (September to September), 24 hours a day, whether at school or at home;

- Expenses such as ambulance, physiotherapy, private tutoring, counselling, and much more that are limited or not covered by private or group insurance plans, or provincial health plans;
- Injury-related dental treatment;
- Out-of-province or country emergency medical expenses.

If you change address during the school year, your Kids Plus™ Accident Insurance plan is transferable from school to school, anywhere in Canada.

Insurance premiums range from \$14.50 to \$33.50 per year, depending on the plan selected, and your child is covered all the time, not just while at school. A discounted premium is available for families with 3 or more children.

The insurance agreement will be between you and Industrial Alliance Insurance and Financial Services Inc. and your Kids Plus™ Accident Insurance Policy becomes effective on the date the enrolment application and payment are received by the insurance carrier.

*For more information or to apply online, please visit [www.kidsplus.ca](http://www.kidsplus.ca), or speak with an IAP Kids Plus™ Customer Service Representative at 1-800-556-7411.*

## Media / website consent form

### News Media

The Surrey School District occasionally receives requests from the news media to interview, photograph or video record individuals or groups of students in connection with news stories. Also, reporters are sometimes invited to schools to publicize events, as well as student and school successes.

There are great stories in our schools to share and as a public body, we attempt to cooperate with the media whenever possible. However, your right to personal privacy is our priority. Therefore, we ask that this consent form be signed and returned to the school so we can respect your wish for family privacy.

*(School & district staff cannot control news media access or photos/videos taken at public locations such as field trips, or school events open to the public, such as sports tournaments, student performances, school board meetings, etc.)*

### School / District Websites & Publications

In accordance with the *Freedom of Information and Protection of Privacy Act*, the Surrey School District requires consent to use a student's full name and/or photograph/video in a public way, such as on school or district websites or in written publications such as brochures, reports and advertisements. Therefore, your permission is requested to publicly post or publish your child's full name, photo or video of your child in connection with school or district activities for websites, brochures, reports or advertisements.

Dear Parent/Guardian,

An important part of our class work this year will involve using Internet-based tools to create and share our learning and to continue building a lifelong digital portfolio. Many tools may require your child to create a personal account, using his/her School District provisioned email account (doe.j@surreyschools.ca). Please note that your child will use Internet-based tools for both classroom activities and homework assignments. Students will continue to hold accounts after our coursework is completed.

Your written consent to your child's use of Internet-based tools is required by British Columbia's *Freedom of Information and Protection of Privacy Act (FIPPA)*.

If you choose not to provide your consent to your child's use of Internet-based tools, your child will not be penalized in any way and alternate activities will be provided, as appropriate.

It is important to be aware that the majority of the Internet-based tools are online services hosted outside of British Columbia and possibly Canada. While stored outside the country, information in your child's accounts may be subject to the laws of foreign jurisdictions, including, in the United States, the USA Patriot Act.

As a general safe practice, when interacting with any online service, students should take care and avoid posting personal information or personal location that could be used to identify themselves or other persons.

Kindly return a copy of this letter to the office, signed and dated, before the end of September.

**Consent: I understand that the information my child may create and store could be stored in or accessed from a location outside of Canada, and I hereby consent, on behalf of me and my child, to my child's information identified above being stored in, or accessed from, a location outside of Canada.**

**This permission to use the tools indicated above is granted for the duration of my child's time in the Surrey School District.**
