Distribution of Rapid Antigen Tests for Lord Tweedsmuir Students

Dear parents and guardians,

This past week, the Ministry of Education began shipping COVID-19 rapid antigen tests to school districts across the province for distribution to students. We have now received test kits for our school. All students will receive their test kit on **Tuesday March 1**.

Every student at our school will receive one package that includes 5 test kits for your family's use. For details on when to use this test, please visit the [BC Centre for Disease Control's website](#).

You can access instructions on how to use these kits [here](#). Please feel free to print these out or bookmark this link. If you have any questions about these test kits, please reach out to public health.

Thank you for your continued support.

Sincerely,

Robin Smalley
Principal
