

### LAST REMINDER FOR IN-SCHOOL TENNIS

In-school tennis lessons begin this week for all grade 2-7 students. The cost is minimal; \$7 for 4 lessons. The deadline for payment has passed however, if your son/daughter still wants to participate, please send in your money tomorrow! All students who are not participating will be expected to complete an assignment/project on the sport in lieu of the lessons.

Should this be a financial hardship for your family, please let the office know at your earliest convenience.

- Please note, this is NOT for the after-school tennis program. If you are interested in the after-school program, there are forms available at the office.
