This program combines elements of a skills lab with an innovation incubator, providing a platform for youth aged 13-16 to develop their project planning, conflict resolution, communication, digital literacy, organizational, and collaboration skills. This is achieved through project-based learning, with guidance from dedicated staff, experienced artists, and community change-makers.

Come and experience innovative and impactful workshops through arts-based experiential learning, designed to support the development of critical leadership skills!

Date: July 21-25 2025
