 May 3 – Non-Instructional Day, Classes not in session

This Week at Fleetwood Park - Principal's Message: April 1st – 5th

Welcome back Dragons! We hope you all had a wonderful, restful Spring Break and are excited to be back. This week, our Fleetwood Park school community very quickly returned to our regular operations and we are now back in action!

On Monday, we returned to school with sunshine and blue skies. It was a beautiful day to return to school and greet friends and classmates and colleagues. There was a positive energy and excitement in the building as we all started our final term of the 18/19 school year. We look forward to the many amazing opportunities and learning experiences that will occur at Fleetwood Park Secondary over the next 3 months.

"Building Successful Futures"

This week Mr. Mccloughlin's ELL class challenged the school to participate in the #Trashtag challenge! Ms. Muni's ELL class met their challenge. Great school spirit everyone and thank you for your contribution to our Dragon community!

Fleetwood Park's Performing Arts students hit the ground running this week with practices/rehearsals. Our Dance team was practicing their choreography afterschool...

And our "Dragontales" Theatre Company has been rehearsing for their upcoming production of "Into the Woods". This Spring's show promises to be very entertaining and will showcase the amazing talents of our Drama students! The show will run for several evening performances at the end of May.

On Wednesday our Staff Committee met to discuss the first stages of our timetabling and staffing (Round 1) processes for next year. We are on schedule to begin building the timetable and this will be a top priority over the next several months. I would like to thank Department Heads for your input as we go through this very fluid, complicated process.

Good luck to all classes participating in our "Living on the Ledge" competition! Our classroom garden contest began this week with students and staff planting seeds to grow a wide variety of flowers and vegetables on their classroom window ledges. The contest promotes the initiation of our school garden project. The first steps required to build the garden took place over the Spring Break with the levelling of a garden plot. We were very excited to see this garden vision beginning to take form and we look forward to planting our first crop this Spring!

"Building Successful Futures"

Students, parents/guardians are reminded that Monday, April 8th is a Ministry designated Curriculum Implementation day across the Surrey School District. Classes will not be in session as teachers participate in professional development activities and discussions that develop evidence-based approaches to the development of the new curriculum. We will see students again on Tuesday morning.

Enjoy your Friday and have a wonderful weekend.

Yours in education,

Ken

Mission Statement:

"At Fleetwood Park Secondary we value excellence in education and strive to provide a learning environment where all students are encouraged to build successful futures."
