## THURSDAY REVIEW

January 7, 2021  
Edition: 16

### Quotation Of The Week

## The Week Ahead

<b>Monday</b> , January 11, 2021	Quarter 2 continues !
<b>Tuesday</b> , January 12, 2021	
<b>Wednesday</b> , January 13, 2021	
<b>Thursday</b> , January 14, 2021	
<b>Friday</b> , January 15, 2021	

January 4th – School Opens

January 25th – Staff Meeting/ PAC Meeting

January 28th – Quarter Completion Day

January 28th – Literacy 10 Provincial Assessment

January 29th – Quarter Completion Day/ Last Day of Quarter 2

January 29th – Numeracy 10 Provincial Assessment

February 1st – First Day of Quarter 3

February 8th – Department Head Meeting, 3:15pm – TEAMS

February 10th – Grade 9-10 Parent Information Night – YouTube Video presentation

February 15th – Family Day Statutory Holiday

February 19th – Professional Development Day, Classes not in session

February 22nd – PAC Meeting, 7:00pm – Zoom

February 24th – Grade 7 Parent Information Night – YouTube Video presentation

## **Health and Safety:**

Tuesday, January 5, 2021

Welcome back! It's the first week of January, and with students back at school, the district is reminding parents to assess their child's health daily, and teens to continue following health and safety protocols as they rejoin their cohorts.

With provincial restrictions still in place, it is as important as ever that students limit their social interactions to their cohort and immediate family, maintain physical distance from others outside of their cohort and family, and frequently wash and sanitize their hands.

"We hope this year will be a fresh start for everyone," said Surrey Board of Education Chair Laurie Larsen. "It's paramount we maintain our efforts and precautions to ensure the health and safety of our students and staff as we begin 2021."

Surrey Schools has numerous resources on its [COVID-19 information page](#), including regular video messages from Superintendent Jordan Tinney, Health & Safety resources, frequently asked questions and an up-to-date chart of [active exposures](#) at every school in the district.

Fraser Health's guidelines stress that it is important we all:

Stay home if we are experiencing [symptoms](#)

- Limit social gatherings to household contacts
- Maintain physical distance of two metres from others where possible
- Practice good hand hygiene and appropriate cough etiquette

Wear a mask in public indoor settings and common areas of schools, such as hallways and buses (see [guidelines](#))

Only travel for essential purposes

We urge parents and students to continue to do [daily health checks](#)., Students should not attend school if they are sick, have travelled internationally in the last 14 days, or have been in contact with a person confirmed to have COVID-19.

Outside of school, we continue to urge students to keep their social interactions to their immediate family and cohort. At this time, connecting virtually or by phone is the safest way to catch up with friends and family outside of your bubble and cohort.

For more information and additional resources, visit [surreyschools.ca/covid19](https://surreyschools.ca/covid19) and [fraserhealth.ca/covid19](https://fraserhealth.ca/covid19).

Here's to a safe and healthy 2021!

### 1. STAY HOME WHEN SICK

*All children and staff with common cold, influenza, COVID-19, or other respiratory diseases must stay home and self-isolate.*

### 2. HAND HYGIENE

*Everyone should wash their hands more often!*

*Thorough hand washing with plain soap and water for at least 20 seconds is the most effective way to reduce the spread of illness.*

### 3. RESPIRATORY AND PERSONAL HYGIENE

*Cover your coughs.*

*Do not touch your face.*

*No sharing of food, drinks, or personal items.*

### 4. PHYSICAL DISTANCING AND MINIMIZING PHYSICAL CONTACT

*Spread children out to different areas.*

*Take them outside more often.*

*Stagger lunch times. Incorporate individual activities.*

*Remind children, "Hands to Yourself!"*

### 5. CLEANING AND DISINFECTION

*Clean and disinfect frequently touched surfaces at least twice a day.*

*General cleaning of the centre should occur at least once a day.*

*Use common cleaning and disinfectant products.*

**FYI****Dry Grad 2021**

The Fleetwood Park Dry Grad Parent Committee is hosting a bottle drive, clothing drive and tree chipping this Saturday, January 9 between 10am and 2pm. Please come by the drive-thru parking area along 80th to drop off your donations and support our Grade 12 students in this unusual year! If you are unable to drop it off and would like us to pick up your tree, bottles or clothing please email [drygradfleetwoodpark@gmail.com](mailto:drygradfleetwoodpark@gmail.com) with your name and address. There will be a minimum donation of \$10.00 for tree pick up.

Please note that all Health & Safety Protocols will be in place.

Thank you so much,

Dry Grad 2021 Executive Committee

## Daily Health Check

Key Symptoms of Illness*	Do you/your child have any of the following key symptoms?	Circle one	
	Fever	YES	NO
	Chills	YES	NO
	Cough or worsening of chronic cough	YES	NO
	Shortness of breath	YES	NO
	Loss of sense of smell or taste	YES	NO
	Diarrhea	YES	NO
	Nausea and vomiting	YES	NO
International Travel	Have you returned from travel outside Canada in the last 14 days?	YES	NO
Confirmed Contact	Are you a confirmed contact of a person confirmed to have COVID-19?	YES	NO

\*Check BCCDC's [Symptoms of COVID-19](#) regularly to ensure the list is up to date.

If you answered "YES" to one of the questions included under 'Key Symptoms of Illness' (excluding fever), you should stay home for 24 hours from when the symptom started. If the symptom improves, you may return to school when you feel well enough. If the symptom persists or worsens, seek a health assessment.

If you answered "YES" to two or more of the questions included under 'Symptoms of Illness' or you have a fever, seek a health assessment. A health assessment includes calling 8-1-1, or a primary care provider like a physician or nurse practitioner. If a health assessment is required, you should not return to school until COVID-19 has been excluded and your symptoms have improved.

When a COVID-19 test is recommended by the health assessment:

- If the COVID-19 test is **positive**, you should stay home until you are told by public health to end self-isolation. In most cases this is 10 days after the onset of symptoms. Public health will contact everyone with a positive test.
- If the COVID-19 test is **negative**, you can return to school once symptoms have improved and you feel well enough. Symptoms of common respiratory illnesses can persist for a week or more. Re-testing is not needed unless you develop a new illness.
- If a COVID-19 test is recommended but is not done because you choose not to have the test, or you do not seek a health assessment when recommended, and your symptoms are not related to a previously diagnosed health condition, you should stay home from school until 10 days after the onset of symptoms, and then you may return if you are feeling well enough.

If a COVID-19 test is not recommended by the health assessment, you can return to school when symptoms improve and you feel well enough. Testing may not be recommended if the assessment determines that the symptoms are due to another cause (i.e. not COVID-19).

If you answered "YES" to questions 2 or 3, use the [COVID-19 Self-Assessment Tool](#) to determine if you should seek testing for COVID-19.

A health-care provider note (i.e. a doctor's note) should not be required to confirm the health status of any individual.

## **"This Week at Fleetwood Park" – Principal's Message: January 4<sup>th</sup> – 8<sup>th</sup>**

Happy New Year Dragons! Welcome back to school and all the best for 2021.

I hope that everyone had a quiet, rejuvenating and healthy Winter Break, and that you are rested, recharged and ready to go for the completion of Quarter 2!

As you are all aware, COVID-19 is still very much with us and in our community. All Public Health protocols are still in place for both our homes and our school. We are all reminded that we need to avoid social gatherings and avoid any non-essential travel. It is important that we all remain vigilant and follow the health directives in our school, in our homes and in our community in order to reduce the risk of infection.

In school, all members of our Fleetwood Park community are reminded of the following guidelines:

- Wear your mask whenever you are outside your cohort. Additionally, all students/staff are highly encouraged to wear your mask throughout the day wherever possible. We have a culture of wearing masks throughout the day - and this is an effective safety measure.
- Wash your hands repeatedly throughout the day.
- Maintain 2m of physical distancing whenever possible. Do all that you can to maintain your distance from anyone not in your cohort.
- Please keep your hands to yourself, do not share food/drinks or personal items (like cell phones).
- Follow the signage in our hallways/stairwells... stay to the right, stay distanced, use the correct stairwells.
- At lunchtime, please either stay in your Block C classroom, or go outside. We need to limit the mixing of cohorts inside the building as much as possible. Please do not spend time in the hallways at lunch.
- Please complete the personal health checklist every morning. If you are sick, please stay at home and self isolate.

We have been fighting the pandemic for 9 months now, and we know that these layers of protective measures help to keep us safe. We also know that COVID-19 is infectious and we must maintain our efforts in order to minimize exposures in our school. All of us must do our very best to follow these protocols.

We are now at the beginning of the Winter cold and flu season, and so it is even more imperative for us to be safe, be smart and take care. We are hopeful that the roll-out of the vaccine will be effective and this will help to eventually return to normalcy. We are optimistic that this will occur.

Thank you to everyone for all you are doing to protect our Fleetwood Park's Dragons; and we wish everyone a healthy 2021.

On Monday morning we welcomed our students back to school with smiles, (hidden behind masks), and a rapid return to the routines of the school day. Our students and staff were back to work and back to learning with an efficient restart of our school schedule. Great thanks to all staff for all your support in welcoming our Dragon community back to school and making this such a seamless process.

Just before the break, I described the rich and meaningful learning experiences in our Applied Design, Skills and Technology Department with their Christmas Tree project. Here are there finished projects. Beautiful work Dragons!

And also just before the break, our Physics students enjoyed making catapults and competing for the prize for the “Longest Launch”! Again, we saw great creativity and design.

This week our Physical Health Education students have been enjoying the chance to develop their Badminton skills.

On Wednesday I dropped by the Learning Commons to watch our Band students complete a fascinating project. Students were composing their own original music using the software “Band Lab”. Next, voice and instrumental composition will be combined to create a digital letter to their Grade 12 selves. Very interesting learning on many levels... our students were highly engaged in their creative work.

I also stopped by to listen to another small group ensemble practice in the hallway.

This Thursday our new extracurricular Club: “Girls Up” will hold their first online meeting of the year. The club will learn about feminism and its influence on society and our community. We have many excellent resources in the Learning Commons related to this important topic. Congratulations to our club sponsors for your work and leadership in initiating this new extracurricular learning experience for our school.

I hope your first week of school in 2021 was a great one! We will work and learn together at Fleetwood Park Secondary to create highly meaningful experiences for our students and staff. We will support creativity, develop life skills, foster personal and social responsibility and nurture positive attitudes, strong self-esteem and self-confidence. I know that in 2021 we will celebrate learning and gather strength from our Dragon community!

All the best for a happy Friday and a relaxing weekend.

Ken

## Fleetwood Park Secondary Bell Schedule, 2020 - 2021

### Grade 8-9

8:30 – 10:00	Block C	90 min	
10:00 – 10:10	Nutrition Break		
10:10 – 11:25	Block C	75 min	
11:25 – 12:15	Lunch		
12:15 – 2:55	Block D	160 min	
	Total	325 min	

### Grades 10,11,12

8:30 – 9:00	Blended Time	30 min	
9:00 – 11:15	Block C	135 min	
11:15 – 12:15	Lunch		
12:15 – 2:25	Block D	130 min	
2:25 – 2:55	Blended Time	30 min	
	Total	325 min
