1:40 – 2:55	A Session 4	B Session 4		C Session 4	D Session 4

Rationale:

- students have access to each class once a week
- students attend one class each day, keeping them out of hallways moving from class to class
- increased time between classes to facilitate hallway management and regular cleaning
- students can select times that accommodate family needs (e.g. drop off and pick up of elementary school-aged siblings)
- students will only be permitted in the building during their scheduled session time
- staggered start/end times will help reduce congestion in the hallways

The Early Edition with Stephen Quinn: Lower mainland grade 12s are wrapping up school and preparing for university during a pandemic

Kudos

Huge thanks to all parent volunteers who contributed their time, energy and expertise on this year's Dry Grad 2020 Committee. This very hard-working parent group has been busy all year coordinating numerous fundraisers in order to host the Dry Grad 2020 celebration for our students. Special thanks to Committee co-chairs Connie Goeres and Keri Gill for your countless hours of volunteerism and leadership.

Although the COVID-19 pandemic did not allow the Dry Grad event to occur this year, our committee continued to support and celebrate the achievements of our graduating class. The special gifts provided to our graduates, made possible through the work of the Dry Grad committee, was a wonderful gesture of support for the Graduating Class of 2020. Thank you again for all you have contributed this year.

We remain hopeful that by this time next year, we will be in a position to again be able to provide a traditional Dry Grad celebration for the Graduates of 2021. This remains to be determined. However, despite the uncertainty ahead, we would like to initiate next year's committee. It will be helpful to have our committee organized and ready to proceed with Dry Grad 2021 as circumstances dictate.

With this, we will be holding our Dry Grad 2021 Orientation meeting on Wednesday, June 24th at 3:00pm. This meeting will be held remotely over "Zoom" and will provide an opportunity for interested parents/guardians to hear from this year's committee members. I invite all FPSS parents of next year's senior students to join this very important group of volunteers and help continue our Dry Grad tradition for the Graduating class of 2021.

We will include the link to the Zoom session in next week's newsletter.

Health and Safety

1. STAY HOME WHEN SICK

All children and staff with common cold, influenza, COVID-19, or other respiratory diseases must stay home and self-isolate.

2. HAND HYGIENE

Everyone should wash their hands more often!

Thorough hand washing with plain soap and water for at least 20 seconds is the most effective way to reduce the spread of illness.

3. RESPIRATORY AND PERSONAL HYGIENE

Cover your coughs.

Do not touch your face.

No sharing of food, drinks, or personal items.

4. PHYSICAL DISTANCING AND MINIMIZING PHYSICAL CONTACT

Spread children out to different areas.

Take them outside more often.

Stagger lunch times. Incorporate individual activities.

Remind children, "Hands to Yourself!"

5. CLEANING AND DISINFECTION

Clean and disinfect frequently touched surfaces at least twice a day.

General cleaning of the centre should occur at least once a day.

Use common cleaning and disinfectant products.

“This Week at Fleetwood Park” – Principal’s Message: June 8th – 12th

Good morning Fleetwood Park,

On behalf of the entire staff at Fleetwood Park Secondary, I wish all Dragons good health and learning success as we enter the final phase of our school year. Over the past week we have offered our hybrid instructional model with small numbers of students receiving in-class tutorial support, and all students continuing to learn from a distance. Thank you to all students and staff for your flexibility in adhering to our regulated in-school learning environment. We appreciate the additional challenges that “stage 3” has meant for all students/staff. We also recognize the value that our model of continuity has provided our students over the past months.

As we move into the final week of in-class sessions, our students will continue to have the option of attending school by pre-registering with their teachers. Students are reminded that you can find each teacher’s sign-up schedule in your course’s learning platform. Please contact your teacher through email if you have any questions about how to “sign up” for a session. Students are also reminded that your online instruction will continue until the final day of “classes” on June 19th. You are highly encouraged to reach out to your teacher to ensure you are up to date with all expectations for your classes. Semester Completion days will occur from June 22 – 25th and will also require students to schedule appointments with their teachers.

Our health and safety protocols will continue to be in place for the remainder of the school year. This will include strict regulation of building and classroom density, pre-registration of all students in the building, physical distancing, restriction of visitors to the school, hand washing before and after each session, increased cleaning protocols and daily self-assessments of health for all students and staff. We would like to thank everyone for taking these protocols seriously and protecting the health of our community.

This week we have been very focussed on hosting 18 smaller Commencement Ceremonies. As you can imagine, this has been a monumental undertaking. I would like to recognize the tremendous leadership of Ms. Duff and Mr. Kirincic, and our staff volunteers, who have made this very important Graduation tradition possible. Our graduating class of 2020 had to make many sacrifices this year. We are honoured to be able to provide a graduation ceremony that recognizes their achievements, allows their parents/guardians to attend, and meets the required health and safety regulations. The ceremonies are unique to 2020, but carry the same pride and celebration of previous years. Congratulations to all Fleetwood Park Secondary graduates of 2020. Your tenacity and grace will carry you very far! 😊

It is very difficult to believe that the final 2 weeks of the school year are directly ahead of us. The world shifted beneath us this semester, and everyone was required to adapt and endure. Our Spring term flew past as we adjusted, learned and carried on. Over the past 3 months I have been continually reminded of the strength and resilience of our Fleetwood Park student/families and staff. I am very confident in our ability as a community to finish the 19/20 school year with focus, positivity and pride. Way to go Dragons – almost there – keep up the good work!

Have a happy and productive Friday and enjoy your weekend.

Ken
