## Daily Health Check and What to Do When Sick

### Daily Health Check

Everyone going into to school must complete a daily health check, including staff, visitors, and students. A daily health check means checking yourself or your child for new symptoms of illness, including symptoms of COVID-19.

Symptoms of illness (including COVID-19) include things like:

- Fever or chills
- Difficulty breathing
- Runny nose
- Headache
- Diarrhea
- Cough
- Sore throat
- Sneezing
- Body aches
- Loss of sense of smell or taste
- Loss of appetite
- Extreme fatigue or tiredness
- Nausea or vomiting

If you are sick or feel unwell, stay at home. This is important to stop the spread of illness, including COVID-19, in schools.

You can attend school if:

- Your symptoms are consistent with a previously diagnosed health condition (e.g., seasonal allergies), OR
- You have existing symptoms that have improved to where you feel well enough to return to regular activities,

AND you are not required to self-isolate, or your self-isolation period is over (based on a positive COVID-19 test result, if taken).

### What to Do When Sick

If you have mild symptoms of COVID-19, you usually don't need a test. Mild symptoms are symptoms that can be managed at home. Most people don't need testing for COVID-19.

Stay home and away from others (as much as possible) until you feel well enough to return to your regular activities and you no longer have a fever. You should also avoid non-essential visits to higher risk settings such as long term care facilities and gatherings, for another 5 days after ending isolation.

If you have a Rapid Antigen Test at home, use it when you have symptoms. How long you should stay home depends on your test result. Find out more about [Rapid Antigen Test results](#).

If you do not have symptoms of COVID-19, you do not need a test.

If you are unsure about your symptoms, you can use the [Self-Assessment Tool](#), contact your health care provider or call 8-1-1.

Testing may be recommended for some people who may be more likely to get severe disease. See BCCDC for information on [who testing is recommended for](#).

## Updated guidelines for Daily Health Checks and attending school

Wednesday, January 26, 2022

Education has released an updated [Daily Health Checks and What To Do When Sick](#) resource. It is important that everyone, including students, staff and visitors, continues to assess how they are feeling before going to school, to protect our communities and prevent the spread of COVID-19.

The online [K-12 Health Check App](#) can assist in performing your daily health check. Check for the following symptoms of illness and COVID-19:

- o Fever or chills
- o Difficulty breathing
- o Runny nose
- o Headache
- o Diarrhea
- o Cough
- o Sore throat
- o Body aches
- o Loss of sense of smell or taste
- o Loss of appetite
- o Extreme fatigue or tiredness
- o Nausea or vomiting

### Here's what to do if you or someone in your household has symptoms:

If you are sick or feel unwell, stay home. This is important to prevent the spread of illness and COVID-19 in schools.

If you have mild symptoms, stay home until you feel well enough to return to your regular activities and no longer have a fever. Avoid non-essential visits to higher risk settings such as long-term care facilities for another five days after feeling better. (You may attend school if your symptoms are consistent with a previously diagnosed health condition, such as seasonal allergies.)

If you have a Rapid Antigen Test, take it if you have symptoms:

- o If your result is negative, COVID-19 was not detected. However, it is possible that you may have COVID-19. Self-isolate until your symptoms improve.
- o If your result is positive, self-isolate at home for the following durations, based on your age and vaccination status:
  - Under 18 + Fully Vaccinated, Partially Vaccinated or Unvaccinated: Self-isolate at home for five days AND until your symptoms improve and you no longer have a fever.
  - 18 or Older + Fully Vaccinated: Self-isolate at home for five days AND until your symptoms improve and you no longer have a fever.
  - 18 or Older + NOT Fully Vaccinated: Self-isolate at home for 10 days AND until your symptoms improve and you no longer have a fever.

If you still have symptoms, continue to isolate if you still have a fever or are not feeling better.

If you are unsure about whether to get tested, use the [Self-Assessment Tool](#) or contact your healthcare provider or 8-1-1 to determine if you should seek a COVID-19 test.

If someone in your household is sick and/or self-isolating, you may attend school as long as you do not have any symptoms of illness and feel well. Monitor yourself (or your child) for symptoms and stay home if you feel unwell.

The best way to protect yourself and your family from COVID-19 is to get vaccinated. Vaccines are available for anyone five and older. Register now at [getvaccinated.gov.bc.ca](https://getvaccinated.gov.bc.ca)

## Students may now return to school following international travel

Thursday, March 3, 2022

### Requirements for fully vaccinated travellers and unvaccinated children less than 12 years of age

For 14 days following entry into Canada, you and any unvaccinated children under the age of 12 who travelled with you must:

- › Maintain a list of the names and contact information of each person with whom you came into close contact and a list of locations visited.
- › Wear a well-constructed, well-fitting mask in public settings.
- › Keep a copy of the following and provide them on request to the Government of Canada or government of the province or territory where you are located, or to the local public health authority:
  - All COVID-19 pre-arrival test results;
  - All on-arrival COVID-19 test results, including results from random testing and results for children under 12; and
  - Proof of vaccine.
- › Monitor for signs and symptoms of COVID-19. If you start showing signs and symptoms, or receive a positive test result for COVID-19 before the expiry of the 14 day period you must immediately:
  - Report within 24 hours to PHAC by calling 1-833-641-0343. A Public Health Agency of Canada official will provide you with additional details and instructions.
  - Isolate for an additional 10 days, even if your province or territory has a shorter isolation period; and
  - Contact the appropriate public health authority.
- › If the fully vaccinated parent, guardian, or tutor develops signs or symptoms, or receives a positive result, the parent, guardian, or tutor and the child must isolate for 10 days.
- › If you travelled with a person who develops signs and symptoms of COVID-19 or receives a positive result for any type of test before the expiry of the 14-day period, you and the child must quarantine yourselves for 14 days starting the day you or your child were most recently exposed to the other person.

Common signs and symptoms of COVID-19 can be found at <https://www.canada.ca/en/public-health/services/diseases/2019-novel-coronavirus-infection/symptoms.html>

### Public health authorities

Provinces and territories	Telephone number
British Columbia, Alberta, Saskatchewan, New Brunswick, Nova Scotia, Prince Edward Island, Newfoundland and Labrador, Northwest Territories and Yukon	811
Manitoba	1-866-626-4862
Ontario	1-866-797-0000
Quebec	1-877-644-4545
Nunavut	1-867-975-5772

Links to provincial/territorial COVID-19 information and resources can be found at <https://www.canada.ca/en/public-health/services/diseases/2019-novel-coronavirus-infection/symptoms/provincial-territorial-resources-covid-19.html>.

For more information: ☎ 1-833-784-4397 @ Canada.ca/coronavirus

As the federal government begins to ease travel restrictions, all students, **including those who are unvaccinated or partially vaccinated, may now attend school immediately upon returning from international travel** provided they follow a number of **testing and quarantine requirements**.

For 14 days following entry into Canada, unvaccinated travellers (regardless of age) must:

- **Maintain a list of names and contact information** of each person they came into close contact with, and a list of locations visited.
- **Keep a copy of the following** to provide on request to the federal government, the B.C. government and/or to the local health authority:
  - **All pre-arrival COVID-19 test results**
  - **All on-arrival COVID-19 test results**, including results from random testing and results for children under 12; and
  - **Proof of Vaccination.**
- **Monitor for signs and symptoms of COVID-19.** If you develop symptoms or received a positive test result within 14 days of return, you must immediately:
  - **Report within 24 hours to the Public Health Agency of Canada** by calling 1-833-641-0343. A PHAC official will provide you with additional details and instructions.
  - **Isolate for an additional 10 days, even if other levels of government list shorter isolation periods.**
  - **Contact your health authority.**

If a fully vaccinated parent, guardian or tutor develops symptoms or receives a positive test result, **the parent, guardian or tutor and the student must isolate for 10 days.**

If a student travelled with someone else who develops symptoms or receives a positive test result within 14 day of return, **they must quarantine for 14 days starting from the day they were most recently exposed to that person.**

For more information on the above updated restrictions, see this **government fact sheet on international travel restrictions**.

To qualify as a fully vaccinated traveller to Canada, you must:

- have received at least 2 doses of a vaccine accepted for travel, a mix of 2 accepted vaccines or at least one dose of the Janssen/Johnson & Johnson vaccine
- have received your second dose at least 15 calendar days before you enter Canada (For example, if your second dose was on Feb. 1, then Feb. 16 would be the first day that you meet the 15-day condition)

For more information on Canada's COVID-19 travel restrictions, visit **[travel.gc.ca/travel-covid](https://travel.gc.ca/travel-covid)**.

## 'The Swiss Cheese Defence'

### LET'S KEEP OUR SCHOOL SAFE!

**We know that no single intervention is perfect at preventing the spread of illness**, so we are implementing multiple layers of protection to keep our staff, students, and families safe during this pandemic. It's a shared responsibility and we all need to do our part.

## Check Up

Check that you are feeling well before you come to school. You can't come to school if you feel sick.

## Back Up

Spread out when you can and respect everyone's personal space.

## Wash Up

Wash your hands for at least 20 seconds before and after eating, after going to the bathroom, after being outside and before putting on and after taking off your mask. Soap and water fight off germs!

## Mask Up

Masks are another layer of protection against illness. Bring a clean one to school and wear it every day.

## Vax Up

Get the vaccine and make sure you have both doses. People who are not vaccinated are at higher risk of getting and spreading COVID-19.

## District Budget Consultations 2022

As many of you are aware, in late February, our district typically holds an in-person community forum and invites PAC representatives to attend sessions to learn more about our budget and other key priorities. In the interest of health and safety, we have once again moved our 2022 budget consultations online. All of the presentations have been pre-recorded so they can be viewed safely at home from this [web page](#). As with previous years, there is also an [online survey](#) to gather priorities and feedback from parents, students, staff and the larger community.

This year's agenda includes:

[Introduction](#) (Surrey Board of Education)

[Budget 2022](#) (presenter: Simon Ayres, Assistant Secretary Treasurer)

[Capital projects](#) (presenter Dave Riley, Director Capital Project Office)

### Consultations

As mentioned above, Surrey Schools is inviting all staff, students, parents and members of the Surrey, White Rock and Barnston Island communities to learn about and provide input on the 2022-23 district budget. Participants can share their feedback via an [online survey](#), or reach out to us through email ([consultations@surreyschools.ca](mailto:consultations@surreyschools.ca)), traditional mail or your local Parent Advisory Council representative. The survey will run until end of day, March 4, 2022.

It is important to remember that while the majority of the district's budget is pre-allocated to operating and capital costs (i.e. school construction, additions, seismic upgrades, teachers, educational assistants, programs/services and supplies), there is some room to address priorities identified by the community. This can include anything from funding scholarships, to classroom enhancement funds to new programs and social initiatives.

# "This Week at Fleetwood Park"

March 2, 2022

Good morning Dragons!

It is an exciting time of learning and success at Fleetwood Park Secondary. Much is happening across our school community.

Welcome to "Nutrition Month" ... and thank you to our Home Economics teachers and students for your leadership in promoting this important theme. This week we have been communicating messages of diet, health and well-being; and our students have been treated to special, healthy samples of food/drink provided by our Foods teachers. This initiative is in addition to our "Fresh Fruits and Vegetables" distribution program. Fleetwood Park students, through the good work of our BASES Program and Cafeteria Program, have been receiving samples of fruits and vegetables. Our hope is that access to these products may create future dietary healthy habits! "You are what you eat" ... stay healthy Dragons.

We have been enjoying a banner Basketball season. This year our Junior Boys, Senior Boys and Senior Girls teams have all gained entry into the Provincial Tournament. (Note: Our Junior Boys finished 5<sup>th</sup> in British Columbia!)... this is an amazing success. In addition, Fleetwood Park has been hosting the Senior Boy's AAAA championships. It has been a busy time, with much excitement and excellent basketball! Special thanks goes to our entire Athletics Department for your huge commitment in making this tournament a success. And again, congratulations to all of our teams.

Over the past week, Fleetwood Park's Performing Arts Department has also been very active and very successful. Our Music Department competed in the Surrey Jazz Festival. The students had a wonderful opportunity to play at the Bell Centre to a live-streamed audience and were adjudicated by a panel of experts. Our student-musicians were brilliant!

Our Dragon Tales Theatre Company also performed at a recent Thespian Festival with many students showing incredible talent and taking home top honours and very significant scholarship offers. Congratulations Dragons! Thank you for being excellent ambassadors for our school. Please see this newsletter for details on the accolades and accomplishments of our Dragons.

Monday afternoon and evening was full with a Staff Meeting, Basketball playoffs, and our PAC meeting. I had the opportunity to review 4 Health and Safety themes with our staff: mental health and well-being, Indoor Air Quality, Fraser Health Covid-19 updates, and a future Workplace Violence Assessment project. All very important topics for our consideration and action.

Our PAC had a very productive meeting in updating their constitution. Also, very important work. Thank you to our PAC executive for your hard work and leadership.

On Tuesday, I spoke to the Surrey School District's Manager of Transportation regarding the traffic challenges at Fleetwood Park Secondary. As everyone knows, this has been a high priority issue for us this year. We will continue with the placement of the traffic cones to prevent left-hand turns into our lot, and ensure that pick-ups and drop-offs do not occur in our Staff parking lots. We will also review all traffic flow structures within our own parking lots to ensure maximum efficiency and safety. We will continue to reach out to the City of Surrey to explore all options for bylaw enforcement and traffic regulations on the streets around the school.

**All parents/guardians are strongly suggested to please drop-off and pick-up your children a few blocks away from the school.**

Your assistance in reducing the volume of traffic during peak times is greatly appreciated!

This Thursday is Parent-Teacher Interviews. I am hopeful that all parents/guardians have taken advantage of this opportunity to virtually meet with your child's teachers.

Our Appointment Calendar has now closed, and teachers will be reaching out to parents either through TEAMS or telephone on Thursday afternoon/evening. If parents/guardians have not been able to make an appointment, please feel free to email your child's teachers for an update. Thank you to all teachers and parents/guardians for your participation in these very important conversations. Students and parents are reminded that we will be dismissing at 1:53pm for P-T Interviews.

### Welcome Post

On Thursday Fleetwood Park Secondary initiated an exciting and highly meaningful project. We will be working with Master Carver Mr. Brandon Gabriel, of the Kwantlen First Nation, to create a Welcome Post for our school. Brandon has worked extensively with the Surrey School District, and we are very fortunate to welcome him to our school. The carving of the post will take place over the next six months at the school and involve students directly and indirectly through curricular activities. Very exciting!

On Thursday evening we host the Senior Boys for the Basketball Finals. This will be another evening of high-level basketball. Good luck to our Fleetwood Park Dragons! The games will be reserved for specific guests, with tickets, from each participating school only, and under 50% reduced capacity in our gymnasium. There will be no entry for the general public and no tickets will be available at the door.

As you can see, life is full and learning is happening across our school community. Congratulations to all students and staff – we wish you the very best over the next week before Spring Break. Have a happy Friday and a safe and relaxing weekend. See you on Monday.

Yours in education,

Ken

# Kindness ...

**Uplifts, heals, brings us together  
and also has health benefits.**

“I’ve learned that people  
will forget what you said,  
people will forget what you did,  
but people will never forget  
*how you made them feel.*”

Maya Angelou
