GRADS

Cohort Celebration

Tomorrow (May 28th) we have the first ever Cohort Celebration for our Grads. We are encouraging our Grads to dress up for this event. Blocks C and D will be switched for the day so that our Grads can get together in the afternoon for this event. We will have online games and the special “toast” speeches you usually hear at the Dinner Dance. There will also be some fun surprises. If you do not have a cohort (homeroom Block C class), you should have been sent a list of where to attend. We will also have these videos available online for people who are working from home. Enjoy! We are so excited to celebrate with you!

GRADS and PARENTS/GUARDIANS

With the new Commencement Guidelines coming out last Friday, we have updated our Commencement plans. We are very excited that we will now be able to include families!! Grads can invite up to four (4) guests to attend a walk-through Commencement experience. We will not be able to sit and watch the ceremony in groups, but have the small groups move throughout the school, watching parts of the speeches as they move in line. We will also have all the speeches available online for you to watch as a family either before or after the ceremony. The Grad's experience will be capped off by crossing the Commencement stage with their family watching. After students have walked the stage, they will be asked to leave as the next group will be needing the parking spots. Our new walk-through Commencement will be happening on Thursday, June 10th from 2:00pm to 8:30pm and Friday, June 11th from 2:00pm to 8:00pm. We will be sending out an email to all parents/guardians on Friday, May 21st with the instructions on how to book your ten minute spot and the booking window will open at noon on Wednesday, May 26th. Four groups will be booked for each ten minute spot and you will be in the school for approximately 30 minutes. We look forward to celebrating with our Grads!

In The News

Vaccination registration open to youth aged 12 to 17

Thursday, May 20, 2021

Registration is now open for the more than 300,000 young people in B.C. between [the ages of 12 and 17 to receive their first dose of the COVID-19 vaccine](#).

The province has announced that children born in 2009 or earlier (12 and older) are now eligible to register on the [B.C. COVID-19 Immunization website](#). The goal is to have students vaccinated by June 30 and have everyone receive their second dose by Aug. 30.

We know this is exciting and welcome news for many of our school communities that have experienced exposures, self-isolations and class isolations. As we have seen [significant drops in COVID-positive tests among staff members](#), we know the vaccine is effective and we anticipate similar success with reduced transmission as our students begin to receive their first doses.

We encourage parents to register their children if they haven't already. To register, fill out your child's information at getvaccinated.gov.bc.ca, available 24/7 or call 1-833-838-2323 between 7 a.m. and 7 p.m. any day of the week. You can also register in-person at any Service BC centre.

After registering, you will receive a text, email or phone call when it is your turn to book a vaccine appointment. Don't expect to book an appointment the same day you register.

Once you have registered and have received your booking invitation, please do not delay booking an appointment. Bring your child's Care Card to their appointment. If your child does not have a personal health number, you can register of the phone at 1-833-838-2323.

Health and Safety

Staying safe while carpooling to and from school

COVID-19 Carpooling? Ride share?

BC Centre for Disease Control
Health Services Authority

Reduce the spread of COVID-19 while travelling with people outside your household

Before the trip

Always complete a COVID-19 symptom check before carpooling.

Unless you need medical care or testing, do NOT travel if you have:

- ☐ COVID-19 symptoms
- ☐ Travelled outside of Canada within the last 14 days
- ☐ Been told to self-isolate by Public Health

- Spread out as much as possible. If there are two people, the driver should be alone in the front.
- Wear a mask over your nose and mouth.
- Travel with the same people each time.

During the trip

Keep your trips as short as possible.

Open windows in the vehicle to allow air in.

Set the vehicle's ventilation to bring in fresh outside air. DO NOT recirculate the air.

Avoid eating or drinking in the car.

Cleaning

Clean high contact areas (such as seat belts and door handles) every time you leave the vehicle.

If vehicles are shared on the job, clean between each shift.

Clean your hands when you get in and when you leave.

At work

If you are carpooling with another employee at your worksite, tell your employer. Your employer may use this information when making their COVID-19 Safety Plan.

Health and Safety

1. STAY HOME WHEN SICK

All children and staff with common cold, influenza, COVID-19, or other respiratory diseases must stay home and self-isolate.

2. HAND HYGIENE

Everyone should wash their hands more often!

Thorough hand washing with plain soap and water for at least 20 seconds is the most effective way to reduce the spread of illness.

3. RESPIRATORY AND PERSONAL HYGIENE

Cover your coughs.

Do not touch your face.

No sharing of food, drinks, or personal items.

4. PHYSICAL DISTANCING AND MINIMIZING PHYSICAL CONTACT

Spread children out to different areas.

Take them outside more often.

Stagger lunch times. Incorporate individual activities.

Remind children, "Hands to Yourself!"

5. CLEANING AND DISINFECTION

Clean and disinfect frequently touched surfaces at least twice a day.

General cleaning of the centre should occur at least once a day.

Use common cleaning and disinfectant products.

Health and Safety

Please do not enter the workplace if you answer YES to any of the following questions:			
International Travel	Have you returned from travel outside Canada in the last 14 days?	YES	NO
Confirmed Contact	Have you been contacted by Public Health and identified as a confirmed contact of a person with COVID-19?	YES	NO
	Has Public health instructed you to self-isolate?	YES	NO
Are you experiencing any of the following <u>new</u> or <u>worsening</u> symptoms?			
Key Symptoms of Illness	Fever or Chills	YES	NO
	Cough	YES	NO
	Loss of sense of smell or taste	YES	NO
	Difficulty breathing	YES	NO
	Sore throat	YES	NO
	Loss of appetite	YES	NO
	Extreme fatigue or tiredness	YES	NO
	Headache	YES	NO
	Body aches	YES	NO
	Nausea or vomiting	YES	NO
Diarrhea	YES	NO	

*Check BCCDC's [Symptoms of COVID-19](#) regularly to ensure the list is up to date.

If you answered "YES" to one of the questions included under 'Key Symptoms of Illness' (excluding fever), you should stay home for 24 hours from when the symptom started. If the symptom improves, you may return to the school/district site when you feel well enough. If the symptom persists or worsens, seek a health assessment.

If you answered "YES" to two or more of the questions included under 'Symptoms of Illness' or you have a fever, seek a health assessment. A health assessment includes calling 8-1-1, or a primary care provider like a physician or nurse practitioner. If a health assessment is required, you should not return to the school/district site until COVID-19 has been excluded and your symptoms have improved.

When a COVID-19 test is recommended by the health assessment:

- If the COVID-19 test is **positive**, you should stay home until you are told by public health to end self-isolation. In most cases this is 10 days after the onset of symptoms. Public health will contact everyone with a positive test.
- If the COVID-19 test is **negative**, you can return to the school/district site once symptoms have improved and you feel well enough. Symptoms of common respiratory illnesses can persist for a week or more. Re-testing is not needed unless you develop a new illness.
- If a COVID-19 test is recommended but is not done because you choose not to have the test, or you do not seek a health assessment when recommended, and your symptoms are not related to a previously diagnosed health condition, you should stay home from the school/district site until 10 days after the onset of symptoms, and then you may return if you are feeling well enough.

If a COVID-19 test is not recommended by the health assessment, you can return to the school/district site when symptoms improve and you feel well enough. Testing may not be recommended if the assessment determines that the symptoms are due to another cause (i.e. not COVID-19).

If you answered "YES" to questions 2 or 3, use the [COVID-19 Self-Assessment Tool](#) to determine if you should seek testing for COVID-19.

A health-care provider note (i.e. a doctor's note) should not be required to confirm the health status of any individual.

Revised by Health and Safety Department – February 12, 2021

"This Week at Fleetwood Park" – Vice Principal's Message: May 24th – May 28th

Good afternoon Dragons!

First, I would like to congratulate Mr. Mark Rossiter and Mr. Caleb Robinson on their work on the play "Les Misérables". Producing a musical is an amazing achievement that not many high school Drama teachers take on. Doing one in a pandemic is an epic achievement! Congratulations to all who were involved. The students worked so hard and sang so beautifully. While we were all sad that we couldn't watch it in person, it was also fun to watch from home. We already miss the afternoon rehearsals. Bien Fait!

Rehearsals

My children watching online!

It has been a very busy week at Fleetwood Park as we plan for two big Grad events. We have our Cohort Celebration tomorrow, May 28th. This event has been planned for months with our Grad Council which is made up of a group of students who were very interested in creating fun experiences for our Grads. So far this year we have had our holiday movie cohort party, weekly Grad Spirit Days and now our celebration tomorrow. We encourage our Grads to dress up and participate either with their Block C class or at home. A reminder to all parents that tomorrow our two blocks are switched for this event. Block D will be in the morning and Block C will be in the afternoon. At the event we will have all the traditional toasts for Grads and some fun surprise videos too.

We are very excited to have already had so many Grade 12 students sign up for the Commencement Walk-Through experience! While we know that the guidelines have made it very hard for us to celebrate the ways we are used to, we also are happy that we do get to see families watch their Grad walk the stage. If you have not yet signed up for a Commencement time, please see the Commencement Newsletter, on our webpage, for more information. Commencement will be held on June 10th and 11th.

Here are some of our Engineering 8 students with their completed go-carts. This was a fun challenge. When the carts were completed, they tested them to see how far they could go. Next project for the group is rockets. Thanks for the fun, Mr. DeWeger!

Our Garden Club has been busy. What an assortment of greens! We have picnic tables now in the courtyard to be enjoyed by all. Thanks to our PAC for the tables and thank you to Mr. McDonald's Woodworking 11/12 class for putting them together.

Our Band Department continues to find creative ways to create beautiful music. Please take a few minutes to watch this collaborative performance by our "Sunshine Band." Thanks to Ms. Colleen Sheridan for sharing, "This month the Sunshine Band has focused their efforts on raising awareness for Mental Health Awareness Month. Our FP student contributors are Steven Gu, Joel Kim and Leo Li. The audio editing was done by Steven Gu too!"

Don't forget to order a pizza this weekend to support our Dry Grad fundraising efforts (details earlier in the newsletter). Thanks to all our staff and students for all of their hard work this week!
