## Health and Safety:

# Know the 14-day rule before travelling with unvaccinated or partially vaccinated children

Now that the U.S. border is open for non-essential travel, parents and students are reminded that international travel – by land, air or sea – presents restrictions around school attendance for unvaccinated and partially vaccinated students upon return.

**Students who are not fully vaccinated CANNOT attend school for 14 days following their return,** according to federal travel guidance around COVID-19.

While there are some quarantine exemptions for unvaccinated children accompanied by fully vaccinated adults, there is **no exemption** to allow unvaccinated or partially vaccinated students to return to school within 14 days following international travel, *regardless of who they travel with or if they received a negative PCR test result*.

In addition to school, students who are unvaccinated or partially vaccinated cannot attend the following for 14 days after international travel:

- o day cares and camps
- o settings with vulnerable people (i.e. long-term care facilities)
- o large crowded indoor or outdoor settings (i.e. amusement parks, sporting events)
- o crowded public transportation that does not ensure physical distancing and masking

If you decide to travel internationally during the school year, please coordinate with your teacher and school beforehand to ensure your child stays on top of schoolwork while they are away and for the 14 days following their return.

Unvaccinated children returning from travel must also limit contact with others for 14 days, especially those who have underlying medical conditions, compromised immune systems or are 65 and older. Returning travellers ages five and up must also take a COVID-19 molecular test, monitor their health and watch for symptoms related to COVID-19.

For more information on federal guidance and restrictions, visit [canada.ca/coronavirus](https://canada.ca/coronavirus). For information on provincial measures, visit [bccdc.ca/covid19](https://bccdc.ca/covid19) or call 811.

## Health and Safety

# WHAT HAPPENS IF A STUDENT GETS SICK?

Extra health and safety measures, like handwashing, learning groups, masks, daily health screens, and increased cleaning, will reduce the spread of COVID-19 and help keep schools safe.

## IF A STUDENT SHOWS ANY COVID-19 SYMPTOMS AT SCHOOL..

-  The child waits in an isolated room
-  The school contacts parents or guardians to take the child home
-  Staff clean and disinfect exposure areas
-  The school notifies public health officials

## THEN PUBLIC HEALTH..

-  Contact traces to identify potential COVID-19 exposures
-  May recommend testing
-  May recommend 14-day isolation if necessary
-  Gets in touch with close contacts
-  Provides follow-up recommendations as needed, which may include suspending in-class learning

Parents will be notified if their child has been in contact with a COVID-positive person and needs to self-isolate. Students will receive learning support while self-isolating.

## Reduce the spread of COVID-19 while travelling with people outside your household

### Before the trip

Always complete a COVID-19 symptom check before carpooling.

**Unless you need medical care or testing, do NOT travel if you have:**

- ☐ COVID-19 symptoms
- ☐ Travelled outside of Canada within the last 14 days
- ☐ Been told to self-isolate by Public Health

- Spread out as much as possible. If there are two people, the driver should be alone in the front.
- Wear a mask over your nose and mouth.
- Travel with the same people each time.

### During the trip

Keep your trips as short as possible.

Open windows in the vehicle to allow air in.

Set the vehicle's ventilation to bring in fresh outside air.  
DO NOT recirculate the air.

Avoid eating or drinking in the car.

### Cleaning

Clean high contact areas (such as seat belts and door handles) every time you leave the vehicle.

If vehicles are shared on the job, clean between each shift.

Clean your hands when you get in and when you leave.

### At work

If you are carpooling with another employee at your worksite, tell your employer. Your employer may use this information when making their COVID-19 Safety Plan.

# Racial Equity in Surrey Schools: Join our virtual session on Nov. 18

Monday, November 15, 2021

VIRTUAL SESSION NOV. 18 AT 6:30 PM

## Surrey Schools hosted 39 Listening Circles for our school communities to share their experiences with racism.

Join us on Thursday, November 18 at 6:30 PM to hear the stories of our community and the recommendations identified to ensure that every student in our district receives a high quality, culturally sustaining, and socially just education.

For details on the event, please visit [surreyschools.ca](https://surreyschools.ca).

In Spring of 2021, Surrey Schools held 39 Listening Circles across the district for our school communities to gather and share their experiences with racism. Participants included students, families, staff, district office staff, educators, members of our school community and the broader Surrey and White Rock communities.

The experiences shared in this forum have now been gathered and reviewed to identify gaps between our district's values and the lived school experiences of our community. These disparities have informed a set of recommendations that we will utilize to align our commitment to ensuring every student in our district receives high quality, culturally sustaining, and socially just education.

We invite you to join us on **Thursday, November 18 at 6:30 p.m.** to hear more about these recommendations and to ask your questions. *This will be a virtual session that will be accessible from this [link](#).*

### How to submit questions

If you have any questions, please submit them using this **form**. Questions will be addressed during the live presentation.

### "This Week at Fleetwood Park" – Principal's Message: November 15<sup>th</sup> – November 19<sup>th</sup>

Good morning Dragons,

It was a very challenging start to the week with the storm of the century. We arrived to school on Monday morning through a torrential downpour, and then made our way home through the howling winds, floods and power outages. Great thanks to our staff for your dedication in support of our students and for all your efforts in getting to school in the morning. Although our building had a few leaks, by and large, we were dry and warm. Thankfully, we did not lose power and were able to operate within a regular school day schedule. Also, thank you to our students for your cooperation and understanding as we adjusted to the conditions of the day and reorganized our staff for 1<sup>st</sup> block class coverage. All in all, a great community effort during a very extraordinary day. Way to go Dragons! This severe weather has caused huge levels of damage and devastation across southern BC. We extend our best wishes to all members of our Fleetwood Park community and hope that you and your loved ones are safe and well.

This week our Fleetwood Park Secondary Dragon Tales Theatre Company has been very busy with final preparations for their first Musical production of the year. This week the company will be performing a student written musical "The Last 5 Years". The students have been working very hard, and have devoted many hours to prepare for the show. Please see page 9 of this week's newsletter or reach out to Mr. Rossiter for details about ticket purchase. The production will be presented to a smaller, physically-distanced, live audience and will also be simulcast for a virtual audience.

On Tuesday, after Monday's deluge, we were treated to a beautiful day of sunshine. Our students took advantage of the good weather, and enjoyed being together in community.

**Our Intramural Program's Dodge Ball Championships were held this week!**

**Our Art students began painting this year's Winter window mural.**

Wednesday was early dismissal day for us as teachers prepared their Midterm Report Cards. Thank you to all our teachers for your time, care and professionalism in putting together this very important feedback for students and parents. Report cards will be available on Tuesday, November 23<sup>rd</sup> through the Parent Portal of MyEdBC. Parents, if you require assistance in setting up your account, please see our website for details. If you need additional support, please contact the office for help. We encourage all students to review your midterm report card with your parents/guardians. Congratulations to all students on your hard work and success for this first reporting period. We wish everyone the very best for the 2<sup>nd</sup> term.

On Thursday morning we held our Health and Safety Committee meeting. This was an opportunity to review all of our safety protocols and discuss the systems we have in place for 21-22. Thank you to all students and staff for wearing your masks, staying as distanced as possible, regularly washing your hands, avoiding sharing personal items/food and checking your health every morning before you attend school. These measures are helping our community, thank you.

I'd like to close by thanking all parent drivers for your assistance with our traffic issues. Your help in avoiding left hand turns into our lot, not entering our staff parking lots, picking up your children a few blocks away from the school, and if possible, sending your children to school on foot or by bike, all helps with traffic congestion around the school. Although the situation still isn't great, it does seem to be a little better on the roads around the school in the morning and afternoon drop-off and pick-up times.

Have a happy and safe Friday and weekend Dragons. We will see you back at school on Monday.

Ken
