

## Toys/Games at School

Parents, we need your help! The school policy is that students do not bring personal toys and games to school. Unfortunately, what often starts as fun turns into an unfortunate situation for many. We have had numerous students bringing cards/games as of late which has led to physical altercations. Additionally, students become upset when the items are lost or stolen.

We encourage the students to be active outside; playing sports, tag, enjoying the playground etc. Teachers also have skipping ropes, balls etc. in each class.

Thank you for your support.
