

Cindrich Elementary

13455-90 Avenue, Surrey, BC. V3V 8A2 Ph: 604-590-3211

Dear Cindrich Families;

First, thank you for being present over the past few days for all of our staff. They have loved reading messages and hearing from you and your children!

By this time, you should have received initial contact from your child's classroom teacher. This initial contact was to ensure we have the correct contact information moving forward. If your child's teacher has reached out to you by phone, please note that you will be receiving calls from "No Caller ID." Please consider answering these calls as they may be coming from our teachers. If you have not yet been contacted by your classroom teacher, please reach out to us at cindrich@surreyschools.ca or by calling the phone number above during office hours. By Friday evening, you will receive a detailed plan from your classroom teacher on what learning will look like for next week.

The staff has been working diligently in navigating this new world of teaching online. I know they are coming up with ways to stay in contact with your child over the coming weeks and ensuring that their learning continues with a focus on literacy and numeracy. This will continue to be a work in progress as we continue to discover the best ways to meet the learning needs of our students.

To add on to the learning opportunities teachers will continue to provide, the BC Ministry of Education has created a website with access to resources to support your child while they are at home. Please click on the link below to access this tool:

<https://www.openschool.bc.ca/keeplearning/>

If you have any questions or concerns, please feel free to email Ms. Maharaj at any time (maharaj_p@surreyschools.ca).

We hope that you continue to be safe and stay healthy. If there are any supports you need over the coming weeks, please feel free to reach out. Please tell your children that we miss them immensely and cannot wait to see them again.

Sincerely

Patty Maharaj- Principal
Laurel Smith- Vice-Principal
