Announcements

Survey for Parents of Students in the Blended Learning Program

- We will be sending home information and a link for parents of students in Blended Learning at Hazelgrove and Maddaugh to complete an online survey tomorrow (Nov. 16). The survey will close on Nov. 27. If your child is in the Blended Program and you don't receive an email about the survey by the end of the day Monday, please contact your child's teacher.

Parking Lot Safety

- Thank you to all of the parents who have been so understanding of our decision to close the staff parking area for safety reasons and have complied with using the one lane drop off area only. We will continue to put out cones and clearly mark the parking lot as "Staff Vehicles Only", which is in effect both before and after school.
- We appreciate that closing the parking lot has meant there are fewer close places to park and increased congestion on adjacent streets, especially on rainy days. We have heard from our neighbours at the Montana complex (across from the school entrance gate on 191 Street) that a few Hazelgrove parents are parking in their complex entrance area fire lane, putting on their hazards and walking to the school during drop off and pick up times. Please be considerate of our neighbours and comply with all parking signs and regulations. Thank you for your support.

Remembrance Day Assembly

- If you didn't get a chance to see our live Remembrance Day Assembly last Tuesday, we have uploaded the movie to our school Vimeo account online. Please click [here](#) to view.

Dropping Off Lunches

- We're starting to see an increase of parents dropping off hot lunches for students at the table outside in front of the office during the day. We continue to encourage students to pack and bring in their lunch each day. With COVID restrictions, we are discouraging parents from making unnecessary visits to the school.

COVID-19 Letter and Reminders

Last Wednesday, the Hazelgrove community was issued its first COVID-19 exposure letter. We received several emails and phone calls from concerned parents asking, "Why did it take so long to receive these letters?". School do not initiate this process. Schools pass the appropriate information on to families immediately when it is received from Fraser Health. With the surge in COVID cases, Fraser Health is working hard to process and respond to cases as quickly as they can. While receiving an exposure letter can be alarming, it is important to remember that this does not necessarily mean that students and / or teachers were exposed. As well, [Dr. Bonnie Henry has shared that, overall, schools are doing a good job of curbing COVID-19 exposures.](#)

Teachers and support staff continue to do incredible work to follow health and safety protocols and for this, we say thank you! A reminder to parents to continue to do daily health check with your children and wear masks outside of our school when you drop off and pick up your children. If you have any questions about symptoms of COVID testing please phone 811.
