# Yearbook Cover

Tips for an awesome design:

· Use BOLD colours. Consider using felts to get the maximum impact of bright, bold colours. If you choose to use pencil crayons, be sure to colour the spaces in your design completely

· Make the school name (Sullivan) and the year a feature of your design (check your spelling)

· Neatness Counts, make your lines crisp and neat, especially on the school name and year.

· Use images that reflect school theme, and philosophies. Keep on Track

· Keep it simple, have one main feature in your design. Keep the school name and year separate from your design like in example #1. Try not to have too much clutter or overlap like in #2.

1.   2.

IMPORTANT: Make sure your design fits onto an 8 1/2 x 11 piece of paper

Once you have finished your design please scan it and send it to yearbook@sullivanpac.com

All entries must be received by Friday May 21st!!!!!

Thank you and Good Luck!
